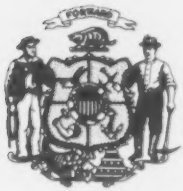
WISCONSIN INSURANCE REPORT



TOMMY G. THOMPSON
Governor

ROBERT D. HAASE
Commissioner of Insurance

BUSINESS OF 1987

The State of Wisconsin
Office of the Commissioner of Insurance

OCI

Robert D. Haase
Commissioner
(608) 266-3585

The Honorable Tommy G. Thompson
Governor, State of Wisconsin
State Capitol
Madison, WI 53702

Dear Governor Thompson:

I am pleased to submit to you the 119th Annual Report of the Commissioner of Insurance covering business for the year 1987.

Major events of the year are listed in the section entitled Highlights of 1987. They include:

Implementing Chapter 340 relating to changes in the Patients Compensation Fund and improving the financial oversight of the Fund;

Undertaking a property evaluation project for the Local Government Property Fund;

Implementing an increased premium subsidy and a deductible subsidy for the Wisconsin Health Insurance Risk-Sharing Plan;

Conducting a survey of insurers concerning the health insurance available to small employers;

Establishing more stringent financial standards and business practices for health maintenance organizations;

Participating in the Governor's initiative in northwestern Wisconsin;

Assisting in the licensing of three new insurers to meet the special coverage needs of local governments; and

Monitoring the financial condition of self-insured school districts through new developed registration and financial statement procedures.

I hope that the information in this report is useful to you and to the people of Wisconsin.

Sincerely yours,

Robert D. Haase
Commissioner of Insurance

P.O. Box 7873 Madison, WI 53707

WISCONSIN INSURANCE REPORT

TOMMY G. THOMPSON
Governor

ROBERT D. HAASE
Commissioner of Insurance

BUSINESS OF 1987

SECRETARIES OF STATE*

Ex Officio Commissioners of Insurance

Name	Residence	Term
LLEWELYN BREESE	Portage	from Jan. 3, 1870 to Jan. 5, 1874
PETER DOYLE	Prairie du Chien	from Jan. 5, 1874 to Jan. 7, 1878
HANS B. WARNER	Ellsworth	from Jan. 7, 1878 to Apr. 1, 1878

COMMISSIONERS OF INSURANCE

PHILIP L. SPOONER	Madison	from Apr. 1, 1878 to Jan. 3, 1887
PHILIP CHEEK, JR.	Baraboo	from Jan. 3, 1887 to Jan. 5, 1891
WILBUR M. ROOT	Sheboygan	from Jan. 5, 1891 to Jan. 7, 1895
WILLIAM A. FRICKE	Milwaukee	from Jan. 7, 1895 to Oct. 15, 1898
EMIL GILJOHANN	Milwaukee	from Oct. 15, 1898 to Jan. 5, 1903
ZENO M. HOST	Milwaukee	from Jan. 5, 1903 to Jan. 1, 1907
GEORGE E. BEEDLE	Embarrass	from Jan. 7, 1907 to Jan. 2, 1911
HERMAN L. EKERN	Whitehall	from Jan. 2, 1911 to July 1, 1915
M. J. CLEARY	Blanchardville	from July 1, 1915 to Apr. 10, 1919
PLAT WHITMAN	Highland	from Apr. 10, 1919 to July 17, 1923
W. STANLEY SMITH	Ashland	from July 17, 1923 to June 2, 1926
OLAF H. JOHNSON	Gratiot	from June 2, 1926 to Jan. 10, 1927
M. A. FREEDY	Wauwatosa	from Jan. 10, 1927 to July 1, 1931
H. J. MORTENSEN	New Lisbon	from July 1, 1931 to Oct. 1, 1939
MORVIN DUEL	Fond du Lac	from Oct. 1, 1939 to Aug. 8, 1948
J. L. SONDEREGGER	Madison	from Oct. 1, 1948 to Dec. 1, 1948
JOHN R. LANGE	Madison	from Dec. 1, 1948 to July 15, 1955
ALFRED VAN De ZANDE	Campbellsport	from July 15, 1955 to Nov. 1, 1955
PAUL J. ROGAN	Ladysmith	from Nov. 1, 1955 to July 2, 1959
CHARLES MANSON	Wausau	from July 2, 1959 to Sept. 15, 1965
ROBERT D. HAASE	Marinette	from Sept. 15, 1965 to Sept. 7, 1969
S. C. DUROSE	Madison	from Oct. 1, 1969 to Apr. 8, 1975
HAROLD R. WILDE	Madison	from Apr. 8, 1975 to Mar. 18, 1979
SUSAN M. MITCHELL	Madison	from Mar. 19, 1979 to July 31, 1982
ANN J. HANEY	Madison	from Aug. 1, 1982 to Feb. 28, 1983
THOMAS P. FOX	Madison	from Mar. 1, 1983 to Apr. 27, 1987
ROBERT D. HAASE	Marinette	from Apr. 28, 1987 to

*By chapter 56, section 32, General Laws of 1870, the Secretary of State was Commissioner of Insurance ex officio until 1878. The office of the Commissioner of Insurance was made elective in 1881. In 1911 the office was made appointive instead of elective.

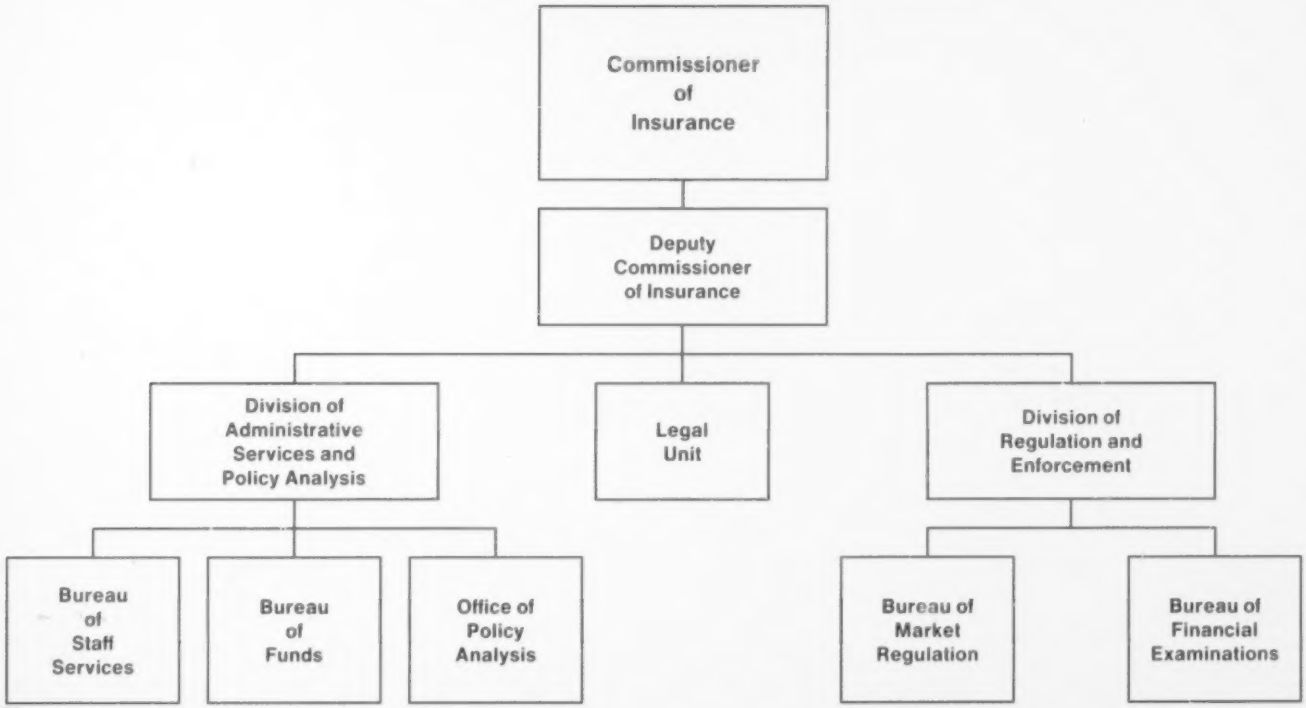
I - ADMINISTRATION OF THE OFFICE

ORGANIZATION AND STAFFING OF THE OFFICE OF THE COMMISSIONER OF INSURANCE



Commissioner of Insurance
Deputy Commissioner of Insurance
Division of Administrative Services and Policy Analysis
Legal Unit
Division of Regulation and Enforcement
Bureau of Staff Services
Bureau of Funds
Office of Policy Analysis
Bureau of Market Regulation
Bureau of Financial Examinations

ORGANIZATIONAL STRUCTURE

In addition to the commissioner's staff, the Office is divided into two major divisions: the Division of Regulation and Enforcement and the Division of Administrative Services and Policy Analysis. A brief description follows:

I. Commissioner's Staff

The commissioner's staff includes the deputy commissioner who serves as the head of the agency in the commissioner's absence, the hearing examiner, the secretaries to the commissioner and the deputy commissioner, and the Legal Unit.

II. Division of Regulation and Enforcement

Bureau of Market Regulation. This bureau is responsible for reviewing the rates, forms and contracts filed with the agency by insurers; determining compliance with applicable laws and rules; initiating appropriate administrative actions; examining insurer rating procedures, advertising files and policyholder reserves; staffing several risk sharing plans; providing assistance to consumers in resolving problems with insurers and agents; disseminating information to the public; investigating agent activities; and conducting field reviews of insurer marketing practices.

Bureau of Financial Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts field audits of domestic insurer operations; administers insurer rehabilitations and liquidations; audits and collects insurer taxes and fees; and collects and administers the fire department dues program.

III. Division of Administrative Services and Policy Analysis

Office of Policy Analysis. This office is comprised of analysts who provide the commissioner and other agency personnel with technical expertise and analysis of policy issues, legislative analysis, and planning. This office also directs the public information program of the agency.

Bureau of Staff Services. This bureau is responsible for all general administrative functions of the agency including the administration of the insurance intermediaries testing and licensing program, centralized word processing, data processing, budget, personnel and clerical support services.

Bureau of Funds. This bureau consists of the three segregated funds for which this agency has administrative responsibility: the Local Government Property Insurance Fund, the State Life Insurance Fund and the Patients Compensation Fund.

The Local Government Property Insurance Fund offers property insurance protection to qualified local government units.

The State Life Insurance Fund offers life insurance to Wisconsin residents in amounts not exceeding $10,000 per person.

The Patients Compensation Fund provides medical malpractice protection to health care providers for claims in excess of $300,000 per claim or $900,000 annually, and to $400,000 $1,000,000 effective July 1, 1988.

The Health Insurance Risk-Sharing Plan (HIRSP) is also housed in the Division of Administrative Services.

OFFICE PERSONNEL
As of May 1, 1988

Robert D. Haase	Commissioner
Shari Blasdel	Secretary
Mary Alice Coan	Attorney
Robert M. Elconin	Deputy Commissioner

Program 2, Peer Review Council	34,465
Program 3, Local Government Property Insurance Fund	63,237
Program 4, State Life Insurance Fund	226,464
Program 5, Health Insurance Risk-Sharing Plan	42,690
Total	$4,833,943

HIGHLIGHTS OF 1987/GOALS FOR 1988

Highlights

- Implementing Chapter 340 relating to changes in the Patients Compensation Fund and improving the financial oversight of the Fund;
- Undertaking a property evaluation project for the Local Government Property Fund;
- Implementing an increased premium subsidy and a deductible subsidy for the Wisconsin Health Insurance Risk-Sharing Plan;
- Conducting a survey of insurers concerning the health insurance available to small employers;
- Developing forms for insurers to report premium and loss experience for products liability and medical malpractice insurance in Wisconsin;
- Implementing changes in the policy form approval system to improve consistency and speed turnaround of policy form review;
- Establishing more stringent financial standards and business practices for health maintenance organizations;
- Participating in the Governor's initiative in northwestern Wisconsin;
- Assisting in the licensing of three new insurers to meet the special coverage needs of local governments; and
- Monitoring the financial condition of self-insured school districts through newly developed registration and financial statement procedures.

Goals

- To focus on the problems of the elderly in obtaining insurance and understanding insurance needs;
- To provide broader access to the commissioner's office by installing a toll-free number to handle complaints;
- To examine the current medical malpractice system and make recommendations for legislative changes; and
- To examine regulations relating to continuing care facilities and to make recommendations to assure the financial solidity of these entities.

WISCONSIN INSURANCE SECURITY FUND 1969 - 1987

by Robert D. Haase, Commissioner of Insurance

One of my primary concerns in serving as Wisconsin's insurance commissioner is the financial solidity of insurance companies. Although Wisconsin has been fortunate in having a small number of insurance company insolvencies, they do occur. Usually when an insurance company is liquidated the assets are insufficient to pay claimants in full. Even if ultimately all policyholders and third-party claimants losses are paid in full, the liquidation of an insurance company is a slow process and serious hardship may result when payment is delayed.

During my first term in office from 1965 to 1969, I served as Vice Chairman of the Insurance Laws Revision Committee, which was created by the Legislature and directed to revise and recodify the state's insurance laws. At that time I suggested and strongly supported the creation of an insurance security fund to afford protection to policyholders and third-party claimants from delays in the payment of losses in the event of an insolvency.

The creation of the insurance security fund was a pioneer effort and Wisconsin had one of the first guaranty funds in the United States. Drafting of the insurance security fund legislation was an arduous task as the Insurance Laws Revision Committee did not have the benefit of discussions with other regulatory agencies as to their experience in operating a guaranty fund and how it would relate to a liquidation.

The original law, Chapter 646, Laws of 1969, became effective on August 20, 1969, and established the Wisconsin Insurance Security Fund. It afforded protection to Wisconsin policyholders of both domestic and out-of-state insurance companies licensed to transact business in the state. The purpose, as stated in the law, was to maintain public confidence in the promises of insurers by providing a mechanism for protecting insureds in this state from excessive delay and loss in the event of liquidation of insurers and by assessing the cost of such protection among insurers.

Some of the major provisions of the original law were:

The fund applied to all kinds and lines of direct insurance except variable annuities and variable value life insurance contracts; to all insurers authorized to do business in Wisconsin with the exception of fraternals, assessable mutual corporations including town mutuals, gift annuity issuers, service insurance corporations and state insurance funds. If an out-of-state insurer was subject to another guaranty fund plan providing about the same protection to claimants as contained in the Wisconsin law, such insurer was exempt from assessments on the classes of business to which the other plan applied.

The fund was divided into three separate accounts: a life and annuity account, a disability account, and a miscellaneous account to include all other covered insurance.

The insurance commissioner was the administrator of the fund and all administrative expenses were chargeable to the fund. The assets of the fund were obtained by post-hoc assessments levied against the licensed insurers eligible for participation in the fund.

The board of the fund consisted of not less than five nor more than eleven members. The attorney general, the state treasurer, and the insurance commissioner were ex-officio members with full right to vote and the insurance commissioner was designated as chairperson. The commissioner operated under the supervision of the board which made the major policy decisions. The state treasurer served as the custodian of the fund and the investment of the assets of the fund was under the jurisdiction of the State Investment Board. The other members of the board represented domestic, out-of-state and alien insur-

ers subject to the fund law. The members were selected through a procedure specified in an administrative rule which was promulgated by the insurance commissioner.

Eligible claims were paid by the fund if the policy or annuity was issued by an insurer licensed to transact business in the state either at the time the policy or annuity was issued or when the insured event occurred; the claim was from a class of business to which the insurer was not exempt from assessments; the claim had been approved in the liquidation of the insurer or under similar laws of another state or foreign country and the claimant was a member of one of the following classes of claims: a resident, owner of property interest, or a third-party claimant as qualified under the law. Claim payment was subject to a deductible of $200 and no claim under a policy of insurance was allowed for an amount in excess of the policy limits. The board could reduce the amount of the claim or declare the claim ineligible and the claimant could appeal the decision of the board. The decision of the board was subject to judicial review.

Assessments were levied by the board and the maximum annual assessment upon an insurer was 2% of the assessable premiums as defined in the law. The law also contained a provision on unfair marketing practices. An insurer or agent was prohibited from using the fund as a competitive tool in the sale of insurance.

The above provisions were the framework of the original insurance security fund. Eighteen years later, in April 1987, when I was appointed to serve a second term as Wisconsin's insurance commissioner, I was interested to learn of the evolution of the fund law and the necessary revisions made to solve many of the problems of the administration of the fund.

Chapter 109, Laws of 1979, which became effective on February 15, 1980, was the most comprehensive in changing the original fund law. Modifications were made before and subsequent to Chapter 109 but to a lesser degree. Chapter 109 repealed and recreated many sections of the law and also made the necessary revisions to Chapter 645, the rehabilitation and liquidation laws. Some of the revisions were taken from the NAIC model security fund act although parts of the NAIC model were not consistent with Wisconsin law or were unnecessary because provisions already existed in Wisconsin law.

The current insurance security fund law incorporates some significant changes which are summarized below.

The scope of the present law excepts, in addition to the five entities in the original law, the mutual municipal insurers, miscellaneous insurers, motor clubs, risk retention groups, and health maintenance organizations not organized under Chapter 611, as qualified in the Wisconsin Statutes. It also excepted, in addition to nonguaranteed provisions of annuities and life insurance contracts, title insurance, surety bonds, bail bonds, mortgage guaranty insurance, ocean marine insurance, credit insurance, product liability or completed operations liability insurance, and comprehensive general liability insurance. According to the drafters of the revisions, the coverages excepted were the many kinds of insurance that protect mainly large business enterprises and highly specialized lines that are difficult to deal with in the same way as other insurance.

Present law retains the original purpose of the fund. An additional section provides, where appropriate, for the continuation of protection under policies and supplemental contracts of life insurance, disability insurance, and annuities. This provision incorporated a new concept of continuing protection where serious harm to individuals would be done by compelling insureds to go back into the market for new coverage if a liquidation occurred.

The law now provides for five rather than three segregated accounts. They are: a life insurance account, an annuity account, a disability account, an account for all other kinds of insurance subject to Chapter 646, and an administrative account.

The original law charged the responsibilities of the administration of the fund to the insurance commissioner and named the commissioner as chairperson of the board. The present law transfers administrative responsibility to the board of directors and the board elects the chairperson. The insurance security fund now operates a separate office under the direction of the general manager and has its own staff. However, the insurance commissioner, the state treasurer, and the attorney general are maintained on the board with full voting rights. The minimum number of members of the board was changed from five to seven. Insurer representatives are chosen as they were in the original law under procedures specified by the administrative rule of the insurance commissioner. The law now permits the board of the fund to control the assets and select regulated state financial institutions to receive deposits and maintain accounts for assets needed on a current basis. Only those assets not needed currently are to be invested with the State Investment Board.

Claim payments are subject to the $200 deductible but there are qualifications in some instances on the continuation of coverage claims. The maximum aggregate obligation of the fund on a single risk, loss, or life may not exceed $300,000.

A major change was the task of adjusting loss claims when a liquidation of an insurer occurred. That task was transferred in full from the liquidator, as provided in the original law, to the security fund. The reason given for the change was that settlement of loss claims is routine business for the insurance industry but not routine for a liquidator and for that reason adjusting of loss claims could be carried out more efficiently by the insurance security fund administration.

Further revisions of the fund law were introduced in the 1987-89 legislative session in Senate Bill 214. Senate substitute amendment 1 to this bill was passed in 1988.

The major changes to Chapter 646 are:

- The Security Fund will cover health maintenance organizations which are organized as cooperatives along with those organized as insurance companies to become effective July 1, 1989.
- The legislature added nonstatutory provisions to the Act regarding the health maintenance organizations. The provisions request the Commissioner of Insurance to create a committee to advise the Office of the Commissioner of Insurance regarding the inclusion of all health maintenance organizations, as defined by s. 609.01 (2), Stats., in the Security Fund. The recommendations of the committee are to evaluate whether the laws of the fund and the health maintenance organizations need revision to include not only the organizations established by Chapter 611, but also the health maintenance organizations established under Chapters 185, cooperatives, 613 service insurance corporations, 614 insurance fraternals, or issued a certificate of authority under Chapter 618, nondomestic insurers. The insurance commissioner's office is directed to examine the laws regulating the financial and reserve requirements and also the operations of the health maintenance organizations. If it is determined that statutory changes are necessary, such recommendation shall include proposed legislation reflecting those changes. Recommendations are to be submitted by March 1, 1989, to the chief clerk of each house of the legislature for distribution to the appropriate standing committees. As stated above, the date applying to the health maintenance organization legislation in the Act is July 1, 1989.
- The exemptions from fund coverage of surety bonds and mortgage guaranty insurance were expanded to include fidelity bonds and other bonding obligations, financial guar-

anty and other forms of insurance offering protection against investment risks. Other exemptions included insurance on warranties or service contracts, municipal bond insurance, and any transactions or combinations of transactions between a person, including affiliates of such insurer, which involves the transfer of investment or credit risk unaccompanied by a transfer of risk.

- The requirement that the board of directors create a standing committee for each of the fund's five segregated accounts has been eliminated.
- The fact that the fund is not required to consider claims filed after the final date set by the liquidator or the court and the fund powers in dealing with insolvent insurers, including intervention and liquidation proceedings, have been clarified.
- The law now allows the fund to apply to the court for restraining orders, injunctions, etc., if a nondomestic insurer is in liquidation and there is any action which may prejudice the rights of policyholders or the administration of the liquidation, or board proceedings.
- The language on which claims must be paid and on which claims are covered or excluded from coverage has been clarified. When claims are recovered against a governmental insurance or a guaranty program the payment made by the fund will be reduced by the amount of recovery under the program.
- The right of town mutuals to recover as policyholders under certain reinsurance arrangements has been clarified.
- The obligation of the fund on a single risk, loss or life is not to exceed $300,000 except for worker's compensation insurance and the fund is not obligated to pay a claimant an amount in excess of the loss obligation under the policy or coverage of the insurer in liquidation from which the claim arises.
- The requirement that the fund pay amounts due from the insurer to any reinsurer, insurer, insurance pool, etc., as subrogation recoveries or otherwise, except as provided under section 646.31 (2) (a) has been discontinued. A reinsurer, insurer, insurance pool, or underwriting association that has paid a claim and thereby has become subrogated to the amount of that claim, may assert that claim against the liquidator of the insurer in liquidation, but not against the insured of the insurer in liquidation.
- The amounts recovered by the insured, if the insured's net worth exceeds $10,000,000 and the claim is not subject to s. 646.35, the continuation of coverage of annuities, life, and disability insurance, have been limited.

I supported these revisions to the fund law. For the most part the most recent changes, along with the changes made during the past 18 years, will result in a more expeditious processing of claim payments. I am hopeful that any future revisions of Chapter 646 will keep intact the original purpose of Wisconsin's Insurance Security Fund.

DEVELOPMENT OF HMOs IN WISCONSIN

INTRODUCTION

In the mid-1980s, Wisconsin, along with most of the country, underwent dramatic and revoluntionary changes in the delivery of health care. This was due to the startling growth in health maintenance organizations (HMOs) and other prepaid health plans.

On January 1, 1983, eleven HMOs provided care to approximately 150,000 Wisconsin residents. On January 1, 1988—just five years later—33 HMOs provided medical care to over one million residents, or 20% of the state's population.

HMOs now operate in all of Wisconsin's 72 counties. As of the end of 1987, over 25% of the population of 10 counties—Chippewa, Clark, Dane, Eau Claire, La Crosse, Marathon, Milwaukee, Sauk, Taylor, and Wood—were enrolled in health maintenance organizations. During 1987 there was a continued—although slower—increase in HMO enrollment. Enrollment numbers are expected to continue rising until they reach 30-35% of the market.

The burgeoning growth of HMOs did not occur without creating dislocations in the market, changes in the delivery of health care, and regulatory concerns. This paper will examine the development of HMOs and the effect they have had on health care in Wisconsin Exactly what caused the rapid growth? What impact have HMOs had? How are they regulated? What is their future?

BACKGROUND

The concept of prepaid health care dates back to the 19th century. Prepaid health services existed to a limited degree in many U. S. metropolitan areas by the beginning of this century. However, it was not until the 1930s and 1940s that prepaid plans actually took hold, due largely to the growth of labor unions. The Group Health Association, the Kaiser Plan, the Health Insurance Plan of New York, and Group Health Cooperative of Puget Sound developed during this time.

Prepaid plans continued to develop during the 1950s and 1960s, mostly connected with or formed by organized labor for its members. However, opposition by the medical profession to prepaid plans and reluctance by employers to offer more than one health plan hindered the development of HMOs during those years. A turning point occurred when the U. S. Congress passed the federal Health Maintenance Organization (HMO) Act of 1972. The purpose of the act was to encourage development of an alternative to the traditional fee-for-service health care plan as a means of holding down health care costs. Both health insurers and the American Medical Association opposed the HMO Act and vigorously lobbied against it.

Congress included several provisions in the law to allow the HMOs to compete with the already well-entrenched medical and health insurance markets. For example, the government provided low cost development loans. The law also required employers to offer a federally qualified HMO to their employes if an HMO requested in writing to be offered.

Following passage of the federal HMO Act of 1972, HMOs began forming in Wisconsin. Group Health Cooperative of South Central Wisconsin was the first to form in 1972. Group Health Cooperative of Eau Claire and Compcare Health Services followed in 1976 and Family Health Plan in 1978. There were seven other HMOs formed between 1978 and the beginning of 1983.

Between 1972 and 1983, all HMOs organized as cooperatives under Chapter 185 or as service insurance corporations under Chapter 613 of the statutes. Under Wisconsin law, HMOs are licensed and regulated by the Office of the Commissioner of Insurance and, except for those formed as cooperatives, are subject to most of the same regulations as traditional insurers. By statute, cooperative HMOs are subject only to a few specific insurance laws.

HEALTH MAINTENANCE ORGANIZATIONS WHAT ARE THEY? HOW DO THEY OPERATE?

In Wisconsin an HMO is a health insurer that provides comprehensive, prepaid medical care. It differs from a traditional insurer in that it both pays for and provides the medical care. Persons insured by an HMO are referred to as enrollees.

There are four basic kinds of HMOs. A staff model HMO is one in which the physicians and other health professionals such as nurses, therapists, etc. are employes of the HMO.

A group model HMO is one in which a large group practice or clinic affiliates with the HMO and provides medical care to HMO members. Often a group clinic provides care to non-HMO members as well as to HMO members.

In another instance, a group of otherwise unrelated physicians form a corporation referred to as an independent practice association (IPA) model. The HMO contracts with the IPA which in turn subcontracts with solo or small group providers to provide care to the HMO's enrollees. A network model HMO is one that consists of both group and individual practices.

Both Insurer and Provider of Care

An HMO is both the insurer and the provider or arranger of care. As with a traditional health policy, an individual pays a set amount per person (premium) to the HMO. For the money received, the HMO agrees to provide medically necessary services.

In contrast to a traditional health insurance plan, however, an HMO usually operates on a closed-panel basis. This means that a provider who is either employed by or under contract to the HMO must provide the care. Except for serious emergencies or the need for urgent care outside the service area, the HMO will probably not pay for care enrollees receive from a provider who is not affiliated with the HMO.

HMOs as Gatekeepers

HMOs control costs by controlling utilization. Each person who enrolls in an HMO must choose a primary physician who is responsible for managing the enrollee's total medical care. The primary physician is the gatekeeper. He or she decides what is medically necessary and controls referrals to other providers. The primary physician decides if referrals to specialists are medically necessary and, if so, makes the referral to a specialist who is under contract to or affiliated with the HMO.

HMOs contract with specific providers to provide medical services to enrollees. The HMO pays the providers on a per capita basis (a set amount for each enrollee) or on a reduced fee-for-service basis. Providers agree that they will not bill the enrollee for any amount not paid by the HMO except where the particular insurance policy allows copayments or deductibles.

Unique Features

Most providers affiliated with an HMO are at risk to some degree. This means that the providers can be held personally liable to either provide or pay for an enrollee's necessary care for a limited period of time if the HMO fails financially.

The providers agree to provide medically necessary care to the enrollees for a fixed fee. Depending upon the care needed by the enrollees, the providers may make or lose money. The fixed fee is an incentive to providers to efficiently provide services. Quality assurance is one of the tools used by HMOs to ensure that the care given is both adequate and efficiently administered.

HMOs stress prevention and wellness. Financially it is to their benefit to keep enrollees well. Therefore, most HMOs cover routine office visits, annual physicals, well baby care, and immunizations. Many also offer special services such as stress management, nutrition training, and exercise programs.

HMOs reduce paperwork. Since the HMO both provides for and pays for care, employers and employes have few, if any, claim forms to file.

HMOs are regulated by the Office of the Commissioner of Insurance (OCI). In order to do business in the state, an HMO must meet certain financial requirements and abide by relevant insurance laws. OCI must approve policies before they are sold to assure that they comply with state laws. Only licensed insurance agents are permitted to market policies for all HMOs, except those licensed as cooperatives.

Disadvantages of HMOs

- HMOs limit care to a specific geographic area. An HMO may service only one county. Many HMOs provide service in several counties. BUT NO HMO PROVIDES SERVICES IN ALL PARTS OF THE STATE.
- HMOs limit an enrollee's choice of health care providers to doctors and hospitals with whom it has agreements.
- HMOs restrict an enrollee's ability to self-refer as the primary physician must make the referral.
- HMOs restrict care received in out-of-service areas to emergency or urgent care situations.
- HMOs may not meet the special needs of someone who is developmentally disabled or chronically ill.

COMMITMENT TO COMPETITION

Although enrollment in HMOs grew steadily between 1972 and 1983, a dramatic growth has occurred in the past five years. The primary reason for the burgeoning growth of HMOs in Wisconsin since 1983 is the commitment made by the Governor, the legislature, several state agencies, and private employers to hold down the costs of health care provided to private and state employes and to medical assistance recipients by increasing competition in the health care market.

During the 1970s and early 1980s, health care costs, both in Wisconsin and across the nation, rose to unprecedented levels. Private employers and government, who pay the bulk of health care costs, clamored for ways to contain those costs. They saw competition in the

marketplace as a way of containing the costs. Prepaid health care plans, such as those marketed by HMOs, offered viable, competitive alternatives to the traditional fee-for-service plan. But first, Wisconsin laws had to be amended or created to allow the HMOs to develop and compete.

LEGISLATIVE ACTION

1981

Until 1981, an insurance law existed that actually impeded the development of HMOs. That law required all health care plans in Wisconsin, including those organized under Chapter 185, to permit members to choose freely among licensed health care professionals who had agreed to participate in the plan and abide by its terms. The only exceptions to this law were federally qualified HMOs.

This particular state law discouraged HMO development because it prohibited an HMO from restricting its members to specific health care providers selected by the HMO. In 1981, the legislature amended the law to permit cooperative plans to "require persons covered to utilize health care providers designated by the cooperative association."

1983-1985 Budget Bill

The 'free choice of provider' language remained in effect for other plans until enactment of the 1983-1985 budget bill in the summer of 1983. That bill included an exception to the free choice provision for HMOs and preferred provider plans (PPPs). In addition, the law, for the first time, defined these two entities.

Other important provisions of the 1983-1985 budget bill:

- Prohibited employers from offering their employes a PPP or an HMO unless they also offered at least one open panel plan that provided substantially equivalent benefits. The bill required employers to give their employes the opportunity to choose between the plans at least once annually. In addition, it required employers to provide adequate notice of the opportunity to choose between the plans and to give complete and understandable information regarding the differences between the plans. (This provision was amended in the 1985-1987 budget bill to limit this requirement to employers with 25 or more employes.)
- Gave tax incentives to employers with 250 or more employes to encourage employers to offer their employes an HMO or a PPP if one was available in the area.
- Changed the contribution rate that the state pays for health insurance for its employes, thus encouraging state employes to take a less expensive plan.

The legislature later repealed the provision that employers with 250 or more employes offer their employes two or more health care plans. Fort Howard Paper Company and five other companies, who sponsored self-funded health benefit plans for their employes, successfully challenged the original law on the grounds that the state had no authority to regulate employer self-funded plans subject to the federal Employee Retirement Income Security Act of 1974 (ERISA). Since so many large employers self-fund their health care plans, the success by Fort Howard eroded the impact of the law. The legislature, following the recommendation of the Legislative Council Special Committee, repealed this provision in 1985.

The 1983-1985 budget bill also required the insurance commissioner's office to adopt rules relating to preferred provider plans to:

(1) Ensure that patients are not forced to travel excessive distances to receive services;
(2) Ensure that continuity of patient care is not disrupted;
(3) Define "substantially equivalent benefits"; and
(4) Ensure that employes offered a choice of health care plans are given adequate notice of the opportunity to choose among plans, complete and understandable information on the differences among plans, information about the providers available under the plans, and any special limitations or requirements imposed by an institutional provider because of its affiliation with a religious organization.

The insurance commissioner's office adopted the rule regulating PPPs, Wisconsin Administrative Code section Ins 3.48, and it went into effect on April 1, 1984.

Legislative Council Committee

In July 1983, following the enactment of the 1983-1985 budget bill, the Legislative Council established a Special Committee on Health Care Provider Systems. The council directed the committee to determine whether there were actual or potential problems with the operation of HMOs or PPOs in Wisconsin. Four senators, six representatives and 11 public members were appointed to the committee. The committee met several times between August 1983 and August 1984.

The committee discussed, among other items, the following issues:

(1) Problems with the HMO law;
(2) The pros and cons of requiring second opinions;
(3) Problems with dual choice;
(4) The need to create a separate chapter for HMOs;
(5) The delivery of mental health services by an HMO;
(6) Antitrust problems of small, independent health care providers;
(7) Issues related to preferred provider plans;
(8) The Hospital Rate Setting Commission; and
(9) Tax exemption for hospital service insurance corporations.

The legislature enacted several recommendations made by the committee as a part of the 1985-1987 budget bill.

1985-1987 Budget Bill

The 1985-1987 budget bill, 1985 Wisconsin Act 29, made several changes in the law governing HMOs, PPPs and other prepaid plans.

The major change was to create Chapter 609 - a new chapter governing all prepaid health care plans. This chapter amended the definitions of HMOs and PPPs and added a definition for limited service health organizations (LSHOs). The new definitions are as follow:

> "Health maintenance organization" means a health care plan offered by an organization established under ch. 185, 611, 613 or 614 or issued a certificate of authority under ch. 618 that makes available to its enrolled participants, in considera-

tion for predetermined periodic fixed payments, comprehensive health care services performed by providers selected by the organization.

"Limited service health organization" means a health care plan offered by an organization established under ch. 185, 611, 613 or 614 or issued a certificate of authority under ch. 618 that makes available to its enrolled participants, for consideration other than predetermined, periodic fixed payments, a limited range of health care services performed by providers selected by the organization.

"Preferred provider plan" means a health care plan offered by an organization established under ch. 185, 611, 613 or 614 or issued a certificate of authority under ch. 618 that makes available to its enrolled participants, for consideration other than predetermined periodic fixed payments, either comprehensive health care services or a limited range of health care services performed by providers selected by the organization.

The legislature created LSHOs in response to providers who were interested in developing prepaid plans that do not offer comprehensive benefits, e.g. dental only plans.

Other provisions of the law included:

- Language encouraging small independent health care providers to form joint ventures consistent with state and federal antitrust laws for the purpose of being able to compete with larger health care providers.
- A statement encouraging employes and organizations to band together for the purpose of purchasing health care coverage for employes and members at a more favorable cost than they could purchase independently.
- An amendment that only employers with 25 or more full-time employes that offer employes an HMO or a PPP must also offer employes a standard plan that provides at least substantially equivalent coverage of health care expenses. Employers with 25 or more employes are exempt from the requirement if fewer than 25 employes wish to enroll in the standard plan.
- A requirement that all HMOs, PPPs, and LSHOs have an internal grievance procedure, that they notify enrollees of this procedure, and that they submit an annual report on grievances to the Commissioner.

AGENCY REGULATIONS

The insurance commissioner's office adopted a regulation on HMOs, Wisconsin Administrative Code section Ins 3.50, that became effective on July 1, 1986. One of the primary reasons for the rule was to establish minimum financial standards that an HMO must meet in order to be licensed and to continue doing business in Wisconsin.

Indemnity insurers that offer fee-for-service health care plans are required to have $2 million in permanent surplus and $1 million in expendable surplus in order to do business in the state. Once operational, they must maintain the greater of $2 million in surplus or 10% of premiums written during the preceding 12 months. HMOs were not held to those same standards because of the hold harmless agreements that HMOs have with their providers and in order to give developing HMOs the opportunity to establish themselves and create a competitive market. By 1986 the HMOs had established themselves in the marketplace, and it was time to reexamine their minimum financial standards. But, because of the provider agreements that HMOs have with providers and the fact that they control utiliza-

tion, OCI reduced the initial funding requirements. As of the January 1, 1988, HMOs must now have an initial funding of $200,000. Additional funding requirements apply once an HMO is established and operational. The HMO must maintain the greater of $200,000 or 3% of premiums earned during the preceding 12 months.

The commissioner's office also adopted a rule on LSHOs that became effective on January 1, 1987, Wisconsin Administrative Code section Ins 3.51. This rule also sets minimum financial standards. However, the requirements for an LSHO are less than those that apply to an HMO ($75,000 compared to $200,000) because an LSHO offers limited services and, therefore, assumes less risk than an HMO.

In addition to the financial requirements, both Ins 3.50 and Ins 3.51 contain other consumer protection provisions. For example, the rules spell out when an HMO or LSHO can disenroll an enrollee, set forth policy and certificate requirements, and establish internal grievance procedures and notice requirements.

Nonmedical Providers

Unlike the early days of HMO development when the AMA opposed HMOs, the State Medical Society, the Wisconsin Hospital Association and the Catholic Hospital Association did not oppose the development of HMOs in the state. However, many nonmedical providers who were financially affected by the closed-panel concept of HMOs challenged the law that permits HMOs to operate on a closed panel basis. Some of their efforts to open the panels succeeded. Others failed.

During the 1983-85 session of the legislature, pharmacists, dentists, optometrists and podiatrists joined together to challenge the "closed panel" legislation. The bill proposed by these groups required that HMOs and PPPs allow any member of the four groups the option of participating in the plan if the provider was willing to abide by the terms of the contract. The HMOs, business groups, unions and government agencies successfully fought this effort, and the legislature did not pass this proposal.

Pharmacists - However, the legislature did enact a provision that requires HMOs and PPPs to have at least a 30-day enrollment period annually in which any pharmacist wishing to participate in the plan and abide by its terms may join. This law went into effect on May 10, 1984, and was scheduled to sunset on July 1, 1986. The legislature in 1985 extended the sunset to July 1, 1988, and in 1987 extended it yet another year. This law does not apply to HMOs that have pharmacists who are full-time salaried employes or partners of the organization.

The legislature failed to enact another bill pushed by the pharmacists during the 1985-87 legislative session. The proposed bill would have required HMOs to permit pharmacists to become participating providers at any time and for any length of time.

Optometrists - In 1982 optometrists successfully lobbied for a law that requires insurers to provide payments for optometric services if a plan includes coverage for the same services when provided by another health care provider. This provision applies to all policies, not just those marketed by HMOs.

The legislature expanded the optometric requirement in the 1985-87 budget bill. The law now requires HMOs and PPPs to provide enrollees, at the time of enrollment and annually thereafter, a list of optometrists participating in the plan and to have sufficient optometrists in the plan to meet the demands of persons covered by the plan.

Dentists - During the 1985-87 budget process, dentists attempted to have a separate chapter created to regulate dental plans. This proposal exempted dentists from the insur-

ance laws and provided an alternate regulatory framework. This proposal was passed by the legislature but vetoed by the Governor. The Office of the Commissioner of Insurance, the HMOs, and several other interested parties opposed this proposal.

During the budget override session, the involved parties reached a compromise. Under the terms of the agreement between OCI and the dentists, OCI prepared a 'user friendly' licensing packet, adopted a rule to regulate limited service health organizations, and worked with the dental association to develop general policies and provider contracts.

Chiropractors - Chiropractors lobbied the legislature for several years to require all health insurance plans to cover a service or procedure performed by a chiropractor if the plan would cover the service or procedure if provided by a physician. This provision successfully passed both houses of the legislature twice but was vetoed by the governor. The chiropractors again had an amendment added to the 1987-1988 budget bill requiring all health care plans - including those offered by HMOs, LSHOs, and PPPs - to cover chiropractic care if the plan would cover the same procedure or service if performed by a physician. The provision successfully passed both houses of the legislature, was signed by Governor Thompson, and became effective for all health care plans issued or renewed after January 1, 1988.

STATE EMPLOYE PLANS

The 1983-1985 budget bill changed the contribution rate that the state pays towards the health insurance offered state employes. Prior to this change, the state offered employes a limited number of health care plans and made the same contribution—90% of the standard plan—to whichever plan the employe chose. This gave employes little incentive to choose a less costly plan and the plans little incentive to price their products competitively. Beginning in 1984, the state began to pay 107% of the lowest priced prepaid plan or 90% of the standard plan, whichever was lower, but not more than the total amount of the premium.

As a result, state employes had an incentive to select a lower priced plan. If they chose a more costly plan, they paid more out of pocket for their health care needs. Many of the prepaid plans now available developed specifically to take advantage of this new opportunity. Consequently, because of the number of plans that bid for the state employe contract, the state since 1983 has offered several prepaid plans along with the standard plan to its employes during the annual dual choice period.

As of January 1984, approximately 38,000 state employes and retirees were enrolled in 15 HMOs. By December 31, 1987, nearly 43,000 or 63% of all active state employes and retirees were enrolled in HMOs.

MEDICAL ASSISTANCE INITIATIVE

The Wisconsin Department of Health and Social Services began an HMO preferred enrollment initiative for the 110,000 AFDC recipients in Dane and Milwaukee Counties in 1982. In February 1982, the department received permission from the federal government to waive the federal regulation which permits Medicaid recipients to go to any provider.

The terms of the waiver provided that, where the department had a contract with only one HMO, Medicaid recipients could be enrolled in the HMO unless they chose to disenroll for any reason. In places where the department contracted with more than one HMO, the department could require Medicaid recipients to select one of the available HMOs. During the first phase of the initiative, between the spring of 1982 and the summer of 1983, the

department made arrangements with Group Health Cooperative of South Central Wisconsin (GHC-SC) and the Greater Marshfield Community Health Plan (GMCHP). As a result of this effort, 1,700 recipients were enrolled in GHC and 4,200 in GMCHP.

The second phase of the initiative began in the summer of 1983. The department released 'proposal specifications' in Dane and Milwaukee Counties for the purpose of enrolling all AFDC medical assistance recipients in those two counties in HMOs. The department received 13 proposals, eight from Milwaukee and five from Dane. Enrollment in Dane County HMOs began in July 1984 and in Milwaukee in October 1984. The third stage of the initiative began in 1986 when the department began enrolling recipients in HMOs in Eau Claire County. The department plans to continue its initiative by enrolling recipients from other counties in HMOs. As of December 31, 1987, there were 129,427 AFDC recipients enrolled in HMOs in Dane County, Milwaukee, and Eau Claire Counties.*

FUTURE DEVELOPMENT

Initially, HMOs concentrated their marketing efforts primarily on the large group market. Some are moving now into the small group and individual market. Several HMOs have Medicare supplement plans available to senior citizens. As of January 1988, there were 12 HMO Medicare supplement plans approved for sale in Wisconsin. All of these are Medicare supplement "2" policies.

In addition, some HMOs contract directly with the federal Health Care Financing Administration to offer Medicare direct risk contracts to persons eligible for Medicare. In Wisconsin, these are designated as Medicare replacement policies. There are three HMOs marketing these policies in the state.

During the early stages, HMO development was a policy actively pursued by private and public concerns to achieve health care cost containment. Consequently, HMOs got the push they needed to become a viable, competitive force in the marketplace. From development and competition, the emphasis has shifted, particularly from a regulatory viewpoint, to financial solvency of the HMOs.

Several mergers and acquisitions occurred in 1987. OCI placed one Milwaukee HMO that primarily served only medical assistance recipients in liquidation. None of the enrollees suffered as a result of the failure of the HMO as they were transferred by Department of Health and Social Services to other HMOs or private providers. However, the legislature and OCI recognized that additional regulatory measures were necessary to assure that other HMOs do not meet the same end.

In early 1988, the legislature gave OCI the authority to audit the financial records of IPAs. OCI needs access to IPA records as the financial solvency of an IPA can have a direct impact on the solvency of the HMO with which it contracts. In addition, 1987 Wisconsin Act 325 requires all HMOs to be covered by the Security Fund as of July 1, 1989.

OCI also appointed a special task force that is looking at the issues surrounding HMO solvency and regulation. The group is composed of HMO representatives, insurers, health care provider representatives, and consumers. The group is looking at a number of issues including: whether the minimum surplus and reserve requirements should be raised; what is an acceptable hold harmless agreement; how much risk should be transferred to providers; should HMOs be covered by the existing Security Fund or should a separate fund just for HMOs be established?

*Dane County had 9,199, Milwaukee County 116,735, and Eau Claire County 3,493.

Answers to these questions will directly impact another important issue facing HMOs—namely, quality of care. Do HMOs short-change their enrollees in order to reduce costs, or do enrollees receive the same quality of care they would receive if insured under a fee-for-service plan? These are questions that regulators, HMOs, their enrollees, and the legislature will consider in the years to come. However, one thing is certain. Solvency and quality care can not be addressed separately. They are inseparable. An HMO must be financially sound in order to deliver quality care.

The HMO movement has left adolescence and is moving into adulthood. Its structure and products may change, but it will remain a viable force in the health insurance market for several years to come.

HMOs have helped to address the rising cost of health care. It is important that they continue to thrive. Regulation can help to assure that they continue to provide this service by assuring their continued financial stability.

CONSUMER PROTECTION ACTIVITIES

During the past year a major focus of the agency has been to develop new and strengthen existing measures to protect insurance consumers. While solvency monitoring and other financially related activities of the agency also serve to protect the consumer, the activities discussed here are those in which direct contacts are made, or assistance given, to individual insurance buyers.

The emphasis of many of these programs has been on health insurance, particularly products marketed to the elderly. This is because of the explosion of novel products in this area, the complexity of the insurance issues involved, and the evidence of abuse of consumers in these areas.

Following is a synopsis of major initiatives in the area of consumer protection:

- Instituting a toll-free phone system for consumers to contact the OCI regarding complaints insurance problems. This number will permit the public to reach the Office toll-free from anywhere in the state to register insurance problems.
- Streamlining the complaints process to ensure more consistent and timely reviews of complaints. During the past year the time required to complete a complaint investigation has been cut in half. Quality control programs have been put in place to monitor the accuracy and completeness of investigations.
- Increasing accessibility by the public to agency management, including the Commissioner, for inquiry or comment about complaints or other insurance matters.
- Instituting new, more rigorous procedures to protect the confidentiality of medical and other sensitive information that comes to the Office in connection with complaints or other legal actions. These protections guard consumer rights to privacy and encourage complainants to assist in documenting cases against insurers or agents.
- Revising complaint correspondence to advise complainants of other legal remedies that may be available to them. The letters with which insurance examiners corresponded with complainants were revamped to create letters that contain more relevant information about how the complaint was handled and what further options are open to the consumer.
- Developing a memorandum of understanding with the Board on Aging and Long-Term Care to coordinate the consumer information and enforcement activities of the respective agencies. The two agencies have worked very closely to identify improper insurance marketing practices and initiate enforcement actions.
- Producing a variety of consumer information articles on the purchase of insurance. In particular, the "Health Insurance Advice to Senior Citizens" and the newly produced "Buyer's Guide to Long-Term Care" are distributed to thousands of interested consumers.
- Developing a program of distributing complaint forms and a brochure on the complaint resolution process via a wide range of distribution networks, including:
  - The Attorney General's Office
  - Social Security Offices
  - Public Libraries
  - The Consumer Insurance Information Center in Milwaukee
- Instituting a formal appeal process for those who are dissatisfied with the resolution of their complaint to OCI. While only a small fraction of the closed complaints are ap-

pealed, the process gives consumers another measure of satisfaction that their problem has been handled correctly.

- Engaging in an active program of consumer oriented seminars, particularly on health insurance related topics. Of special note is a series of training seminars to be conducted throughout the state for "Benefit Coordinators" working with the elderly in each county.
- Producing an expanded list of information about Medicare and Long-Term Care policies to allow consumers to compare the salient features of competing products and to advise them on the most important features to note when reviewing products being marketed to them.
- Initiating a program to investigate and prevent marketing abuses relating to insurance products sold to the elderly. This program has substantially increased the number of administrative actions against agents and, in many cases, these enforcement actions are able to bring about a correction to the consumer's problem.

II - EXECUTIVE ACTIONS

LEGISLATION

The following is a listing of insurance statutes affected by legislation enacted during 1987:

601.31 (1) (u) and (v)	-	Established authority for the commissioner to charge $10 for preparing and furnishing an agent's letter of certification or letter of clearance. (Act 27)
601.415 (intro.)	-	Deleted a cross-reference to an OCI program responsibility found in chapter 15. This was a remedial bill requested by the Legislative Reference Bureau and intended to simplify the statutes. (Act 47)
601.415 (6)	-	Amended the provision requiring the commissioner to value estates only if requested to do so by the Department of Revenue or a circuit court. (Act 27)
601.422	-	Created a provision requiring all insurers authorized to write commercial liability insurance to file an annual report by May 1. The statute specifies the information an insurer must include in the report and the period of time to be covered in the report, requires the commissioner to summarize the information in the biennial report submitted to the governor and legislature, gives the commissioner rule-making authority, and relieves the commissioner and staff, insurers, and their agents and employes from liability. (Act 27)
604.02	-	Deleted redundant descriptions of the 'local government property insurance fund.' (Act 27)
609.70	-	Created a provision making health maintenance organizations, limited service health organizations, and preferred provider plans subject to the chiropractic mandate in s. 632.87 (3). (Act 27)
611.07 (2)	-	Made a technical correction to a statutory cite regarding unauthorized corporate acts of insurers. (Act 13)
611.62 (title), (1), (2), and (3)	-	Made technical changes to reflect amended or newly created statutory cites regarding liability of directors and officers. Also, clarified which provisions of the indemnification sections apply to directors and officers of stock corporations and mutuals. (Act 13)
612.03	-	Made a technical change to a statutory cite regarding unauthorized corporate acts of town mutuals. (Act 13)
613.07 (2) and 613.62 (title), (1), (2), and (3)	-	Made technical changes to statutory cites regarding unauthorized corporate acts of service insurance corporations and the liability of their directors and officers, and the indemnification provisions. (Act 13)

613.81 (1), (2), and (3)	-	Repealed effective January 1, 1989, provisions that require hospital service insurance corporations to make reasonable payments for municipal services and to negotiate with the municipalities about payments for the municipal services. Repealed effective January 1, 1992, a hospital service insurance corporation's exemption from paying gift or inheritance tax on property transferred to it. (Act 27)
614.07 (2)	-	Made a technical change to a statutory cite regarding the unauthorized corporate acts of fraternals. (Act 13)
616.10	-	Statutory cross-references changed because of changes in gift and inheritance tax laws. [Act 27 - s. 3202(47)(a)]
619.04 (1), (5), (intro.)	-	Made certain medical or osteopathic physicians or nurse anesthetists who are residents of this state but who practice in Michigan eligible for coverage under the Wisconsin Health Care Liability Insurance Plan. (Act 27)
619.10 (4m) and 619.12 (1) (e)	-	Defined the virus that causes acquired immunodeficiency syndrome (AIDS) and made a technical change to incorporate the name of the AIDS virus to the eligibility requirements of the Health Insurance Risk-Sharing Plan (HIRSP). (Act 70)
619.12 (1) (a) and (2) (c)	-	Made changes to the Health Insurance Risk-Sharing Plan's eligibility requirements. Reduced the number of rejections or notices of health care coverage cancellation from two insurers to one insurer and increased the maximum coverage to which a HIRSP enrollee is entitled from $250,000 to $500,000 per lifetime. (Act 27)
619.14 (2) (a), (3) (intro.), and (5) (a)	-	Changed HIRSP's maximum lifetime payout from $250,000 to $500,000 per enrollee and changed the yearly deductible from $1,000 for all enrollees to a pro-rated amount ranging from $500 to $1,000 yearly based upon the enrollee's income. (Act 27)
619.165 (1) (b) 1. to 5.	-	Increased the premium subsidy for low income HIRSP enrollees. (Act 27)
619.17 (4)	-	Required HIRSP to include cost containment features. (Act 27)
628.33	-	Repealed the provision that prohibited insurers from refusing to offer coverage for chiropractic services if the policyholder wanted the coverage. (Act 27)
628.36 (2) (b) 5.	-	Subjected health maintenance organizations, limited service health organizations, and preferred provider plans to the chiropractic mandate in s. 632.87 (3), Wis. Stats. (Act 27)
628.36 (2m) (e) 2. and 3.	-	Extended until July 1, 1989, or the effective date of the 1989-91 budget bill, the mandate that requires health maintenance organizations (HMOs) to have an annual, 30-day open enrollment period during which time any pharmacist may elect to participate in the HMO. (Act 27)

631.90 (title), (1), (2) (a) to (c), and (3)	-	Made technical changes to the statutes that prohibit insurers from requiring or using the test to determine presence of the AIDS antibodies when underwriting group life or health insurance. (Act 70)
632.72	-	Amended to add cross-reference to s. 49.465 relating to medical assistance eligibility. [Act 27, sec. 3202(24)(ag)]
632.75 (5)	-	Clarified that no insurer can pay a hospital a rate higher than that established by the Hospital Rate Setting Commission for care provided prior to July 1, 1987. (Act 27)
632.87 (1) and (3)	-	Mandated all health insurance policies to provide coverage for services provided by a chiropractor if the policy would cover the same services if provided by a physician. Allowed insurers to apply the same deductibles, copay, and cost containment provisions to chiropractic services that apply to medical services. (Act 27)
655.001 (11), 655.002 to 655.006 and 655.27	-	Created a provision that allow certain medical and osteopathic physicians and nurse anesthetists who practice at a Michigan hospital to be covered by the Patients Compensation Fund if the providers meet certain criteria. Renumbered existing statutes to allow for the newly created section. (Act 27)

NATIONAL ASSOCIATION OF INSURANCE COMMISSIONERS ACTIVITIES

The Commissioner's office participates in the National Association of Insurance Commissioners (NAIC). During 1987, Commissioner Haase was a member of the following committee and task forces of the NAIC.

Committee

Accident and Health Insurance Committee

Task Forces

Integrated Financial Services Task Force of the Executive Committee

Market Conduct Surveillance Task Force of the Market Conduct and Consumer Affairs Subcommittee of the Executive Committee

Accounting Practices and Procedures Task Force of the Financial Condition Subcommittee of the Executive Committee

Blanks Task Force of the Financial Condition Subcommittee of the Executive Committee

Data Systems Management Task Force of the Financial Condition Subcommittee of the Executive Committee

Examination Oversight Task Force of the Financial Condition Subcommittee of the Executive Committee - Vice Chair

Guaranty Fund Task Force of the Financial Condition Subcommittee of the Executive Committee

Rehabilitators and Liquidators Task Force of the Financial Condition Subcommittee of the Executive Committee

Life and Health Actuarial Task Force of the Technical Services Subcommittee of the Executive Committee

Life Cost Disclosure Task Force of the Life Insurance Committee

Universal and Other New Plans Task Force of the Life Insurance Committee

Medicare Supplement, Long-Term and Other Limited Benefit Plans Task Force of the Accident and Health Insurance Committee

State and Federal Health Insurance Legislative Policy Task Force of the Accident and Health Insurance Committee

Worker's Compensation Task Force of the Commercial Lines - Property and Casualty Insurance Committee

Credit Insurance Task Force of the Special Insurance Issues Committee

Reinsurance and Anti-Fraud Task Force of the Special Insurance Issues Committee

NAIC Journal of Insurance Regulation Board

Marvin Van Cleave, Assistant Deputy, and David Heineck, Actuary, served as a technical member of the Life and Health Actuarial Task Force of the Technical Services Subcommittee of the Executive Committee.

Staff members of the Commissioner's office served on special working groups and study groups of several subcommittees and task forces. Many of these were working groups of task forces of the Financial Condition Subcommittee of the Executive Committee.

ADMINISTRATIVE RULES

Changes made in 1987 in the Wisconsin Administrative Code applicable to insurance are described below.

Ins 2.15 Annuity benefit solicitation.

The major change to this rule was revision of the Wisconsin Buyer's Guide to Annuities which must be given to all prospective purchasers of annuities. The revision was necessary to give consumers up-to-date information on the types of annuities available and the most important features to look for.

The rule was also amended to change the term "statement of benefit information" to "contract summary" since the latter phrase is the term used in the buyer's guide. The requirements of the contract summary were expanded to include yield figures and a statement of the interest rates used in calculating guaranteed and illustrated contract or fund values. Effective 8 1 87.

Ins 3.39 Standards for disability insurance sold to the Medicare eligible.

The purpose of the changes in this rule was to clarify that Medicare supplement policies must provide coverage for 40 home care visits in the base policy. In addition, standards for policy form language regarding home care benefits and minimum standards for administration of home care claims are established. Effective 6 1 87.

Ins 3.40 Coordination of benefit provisions in group and blanket disability insurance policies.

The purpose of repealing and recreating Ins 3.40 is to adopt a rule that is written in easier to understand language and format than the present rule and that incorporates various measures, most of which are optional, that will assist in containing health care costs. The rule incorporates the revised model coordination of benefits guidelines adopted by the National Association of Insurance Commissioners in June 1985.

Coordination of benefits (COB) is a mechanism designed to coordinate benefits between two or more group health plans so that no more than 100% of covered expenses is paid. It also prevents a person from profiting from an illness or injury. This would occur if a person were covered by more than one group health insurance policy and collected from both for the loss. COB consists of a set of rules that define which plan is primary and pays first, and which plan is secondary and pays after the primary plan has paid. The primary plan never pays more than it would have paid were there no other coverage. The secondary plan pays the balance of all or a portion of the allowable expenses that were not covered in full by the primary plan, but it never pays more than it would have paid had it been primary.

The rule permits a plan to consider various options. For example, a plan can continue to coordinate at 100% of allowable expenses as it has in the past; or it can coordinate so that less than 100% of allowable expenses are paid. An allowable expense is any item which is covered in whole or in part by either plan. This means that the secondary plan may pay for some expenses that are not covered items under its policy. However, it pays for those expenses because they were covered at least in part by the primary plan.

For example, under the original COB rule assume that an individual is covered by two group policies both of which require a 10% co-payment by the insured. The person is hospitalized, and the total bill is $1,000. The primary policy pays $900 ($1,000 minus the 10% co-pay of $100). The secondary insurer must look at the total bill and pay the balance in

full as the remaining charges are "allowable expenses" which were paid at least in part by the primary carrier.

The changes to Ins 3.40 will allow a plan to coordinate allowable expenses at less than 100% and thereby retain its deductible and copayment provisions. The revised rule allows insurers to offer three options which are:

(1) Alternative 1 continues with the current provision which results in plans coordinating at 100% of allowable expenses.

(2) Alternative 2 allows a plan when secondary to reduce its benefits so that total benefits paid during a given period by all plans covering the person are not more than a given amount but never less than 80% of the total allowable expenses.

(3) Alternative 3 allows the secondary plan to pay what it would have paid had it been primary less whatever the primary plan paid. This alternative may be used only if the plan pays at least:

(a) 50% of covered treatment of mental or nervous disorders, alcoholism or drug abuse that is in excess of the mandated coverage required by s. 632.89, Stats;

(b) 50% of cost containment provisions such as requirements for a second surgical opinions or pre-certification of hospital stays; and

(c) 75% of other covered expenses.

Any plan that coordinates according to either Alternative 2 or Alternative 3 must contain certain protections for the insured that are not normally part of a group policy. Insureds must be given prior notice advising them that the deductibles and coinsurance features of the policy will be preserved when the plan is secondary. However, the out-of-pocket expenses may not exceed $2,000 for each insured person or $3,000 for the family during the claim determination period (i.e. usually a calendar year) if the plan is secondary. In addition, a plan must allow a person to enroll for health coverage when the person's coverage under another plan terminates. The insurance company may not impose more rigid underwriting standards than it would have imposed had the person enrolled under the plan when originally eligible.

With these protections, insureds are provided with information that will allow them to decide if it is in their best interests to carry only one group family plan rather than two. Most group plans today require a contribution from the employee, especially if family members are also covered. Those who opt to carry only one family plan will thus realize a savings in the amount paid for coverage. This savings will offset the amount of out-of-pocket expenses paid by the insured because of COB reimbursing at less than 100%.

Because both husband and wife are employed, many families have two group health plans because of fear that one or the other may become unemployed and the family will have no health insurance. Allowing individuals easy access to coverage under either plan negates the need for carrying two group health plans.

In addition to containing health care costs by retaining deductible and copay provisions, allowing plans to coordinate at less than 100% of allowable expenses will also make insured plans more competitive with employer self-funded plans. This is because most self-funded plans are not subject to insurance law. Consequently, they are already able to design their plans so that they coordinate at less than 100% of allowable expenses.

The recreated rule contains several other features that were not included in the original rule. For example, it prohibits a plan from declaring that it is always excess or always

secondary to other plans. This provision is essential to prevent situations where two plans covering the same person both state they are secondary according to the terms of their policies, and neither plan pays the claim. Fall-back provisions are established to assure payment of claims when a complying plan is coordinating with a non-complying plan that is not subject to Wisconsin insurance law.

In addition, plans are not permitted to coordinate against phantom plans. Consequently, plans may not reduce benefits on the basis that a person is eligible for coverage under another plan but actually is not covered by the other plan.

To contain hospital costs, an "allowable expense" does not include the difference between the cost of a private hospital room and the cost of a semi-private hospital room unless the patient's stay in the private room is medically necessary.

To add clarity and certainty of meaning, definitions are included for "claim," "coordination of benefits (COB) provision," "group-type contracts," "hospital indemnity benefits," "primary plan" and "secondary plan."

The maximum allowable exemption for group hospital indemnity plans is increased from $30 per day to $100 per day.

A provision is included to ensure that prepaid plans that provide services to an insured when the prepaid plan is the secondary plan will be reimbursed in cash by the primary plan.

Originally, COB was permitted with both individual and group no-fault automobile insurance contracts but only with group at fault automobile insurance contracts. To avoid duplication of benefits, the recreated rule allow the application of COB to the medical expense benefits coverage of all automobile insurance policies.

The original rule prohibited COB with plans where the premium was paid by parents and that covered grammar and high school students against accidental injury. However, COB was permitted with similar plans which covered college students. The change eliminates the inconsistency and prohibits COB with all school plans.

Provisions of the original rule dealing with small claim waivers, coordinating benefit payments, and public education were deleted from the proposal. These sections did not establish standards of action but only provided guidance as to conduct. As such, they are inappropriate for a rule.

The rule contains a model COB provision that an insurer can incorporate in a group policy.

Although the language is simplified and meanings are clarified, the principle of COB remains the same. The method of determining which plan is primary and which plan is secondary remains the same. Also, there are no substantive changes in the order of benefit determination. Effective 1 1 87.

Ins 3.46 Standards for nursing home insurance.

The purpose of this rule is to establish minimum benefit standards and disclosure requirements for nursing home insurance policies sold in the state of Wisconsin. The preceding rule became effective on November 1, 1981. This rule was adopted because of problems which existed in the marketing of nursing home insurance policies in Wisconsin.

Following the creation of Ins 3.46, most insurance companies stopped marketing nursing home insurance in Wisconsin. Over the past year a Subcommittee of the Life and Disability Council of the Office of the Commissioner of Insurance has been working on revisions to this rule. The goal of the subcommittee was to recommend revisions which would en-

courage more insurers to enter the market but would prevent a recurrence of the marketing problems experienced earlier.

The major difference between the preceding rule and the rule adopted are in the areas of required minimum standards and required disclosures.

For example, the preceding rule required insurers to provide benefits for any level of care. The revised rule requires only that skilled and intermediate care be covered. The replaced rule prohibited insurers from requiring a sickness or injury. The revised rule permits insurers to limit coverage to sickness or injury but requires coverage for conditions of "irreversible dementia" such as Alzheimer's disease. The original rule prohibited insurers from requiring prior hospitalization. The revision permits insurers to require prior hospitalization only if they offer an identical policy which does not contain this restriction.

The revised rule requires insurers to give an outline of coverage to prospective policyholders and requires anticipated loss ratios of 55 percent for individual policies. The revised rule applies to both individual and association group policies whereas the prior rule only applied to individual policies. Effective 1/1/87.

Ins 3.53 HTLV-III antibody testing.

This rule interprets section 631.90 (3) (a), Stats. The purpose of this rule is to designate a series of HTLV-III antibody tests which is sufficiently reliable for use in the underwriting of individual life, accident and health insurance policies.

Subsection (3) of the rule defines the various tests. Subsection (5) states that a series of tests consisting of a positive ELISA test and a reactive Western Blot Assay is sufficiently reliable for use in the underwriting of individual life, accident and health insurance policies. Subsection (6) sets limits on disclosure of the results of a test by insurers and subsection (7) provides that an insurer may not require an applicant or insured to undergo a series of HTLV-III antibody tests unless the cost of such test is borne by the insurer. Effective 6/1/87.

Ins 3.54 Home health care benefits under disability insurance policies.

This rule was created to clarify that disability insurance policies must provide coverage for 40 home care visits in the base policy. The rule establishes standards for policy form language regarding home care benefits and minimum standards for administration of home care claims. Included in the definitions subsection of the rule is a reference to the definition of "disability insurance policy" in s. 632.895 (1) (a), Stats., which means surgical, medical, hospital, major medical, or other health service coverage. Subsection (4) of the rule includes minimum requirements for home care benefits in addition to the 40 home care visits minimum including requirements that an insurer may not deny coverage of a home care claim based solely on Medicare's denial of benefits and the insurer must have a reasonable documented factual basis for a determination that the home care visit is not medically necessary. Home care benefits and limitations must be disclosed and clearly defined in disability insurance policies, certificates and outlines of coverage. Effective 6/1/87.

Ins 6.20 Investments of insurance companies.

This rule was amended to provide for insurers investing in more sophisticated financial transactions such as financial futures contracts and financial options contracts. Definitions of the financial instruments which will be permitted and restricted were added to the rule.

Limitations on the investment in financial futures contracts and financial options contracts were added in paragraph (o) of subsection (8). The aggregate market value of financial futures contracts may not exceed 10% of the insurer's admitted assets and such con-

tracts are to be used only to protect the investment portfolio of an insurer against the risk of changing asset values or interest rates or to enhance the insurer's liquidity, to aid in cash flow management as a substitute for cash market transactions and for other purposes consistent with the investment objectives for the assets of insurers as stated in s. 620.01, Stats.

The insurer's plan relating to financial futures contracts and financial options contracts investments must be approved by the board of directors and a copy filed with the Commissioner for disapproval.

Subsection (4), listing the general limitations on restricted insurers, was amended to add financial futures contracts or financial options contracts to the list of investments permitted only with the approval of the Commissioner. Effective 5/1/87.

Ins 6.25 Joint underwriting and joint reinsurance associations.

The purpose of the change in Ins 6.25 is to permit a joint underwriting association to write excess liability insurance above $25 million liability limits. This change will provide a market by the American Excess Insurance Association to large commercial accounts by allowing the association, a joint underwriting association, to provide these accounts with excess liability insurance above $25 million. In order to do this, the association must be exempted from s. 625.33, Stats., which prohibits insurers from assuming any obligation to any person other than a policyholder or other companies under common control to use or adhere to certain rates or rules.

Subsection (2) was amended by the addition of paragraph (g) listing excess and umbrella liability with limits in excess of $25 million as one of the types of insurance included within the scope of the rule.

Subsection (3) was amended by creating paragraph (h) to list the American Excess Insurance Association as one of the persons exempted. Some other editorial changes were made in the rule at the same time these changes were made. Effective 6/1/87.

Ins 6.59 Licensing of individuals as agents.

Several subsections of the rule were amended to alter the procedure for the scheduling of licensing exams for insurance agents and to establish a $40 fee for one exam or two exams taken on any one examination day. The major change was that the application for agent license or enlargement of authority was to be made on a form filed with the testing vendor, who would then forward a copy to the Office of the Commissioner of Insurance. Effective 6/1/87.

Ins 6.67 Unfair discrimination in life and disability insurance.

Subsection (3) of this rule was repealed and recreated to indicate that insurers may not refuse to insure, to continue to insure, to limit coverage or charge a different rate solely because of blindness or partial blindness. This provision is similar to a provision adopted by the National Association of Insurance Commissioners because of concerns that insurers were unfairly discriminating against the blind solely on the basis of blindness or partial blindness.

The rule was also amended to correct statutory references and to clarify that in enforcement actions the burden of proof will be on insurers. Effective 5/1/87.

Separately, the rule was amended to amend its scope beyond unfair discrimination in life and disability insurance based only on physical and mental impairment to include unfair discrimination in life and disability insurance generally. A provision was added to indicate that insurers may not refuse to insure, to continue to insure, to limit coverage, or

charge a different rate because of sexual orientation. This provision is similar to guidelines proposed by the National Association of Insurance Commissioners Advisory Committee on AIDS. Effective 6 1 87.

Ins 6.77 Exemption from mid-term cancellation requirements and required uninsured motorists and medical payments coverages.

This rule was changed to exempt umbrella or excess liability insurance contracts from the requirements of s. 632.32 (4), Stats., which concerns required uninsured motorists and medical payment coverages. The exemption avoids possible duplicate coverage for underinsured motorists and medical payments. It will also protect umbrella and excess carriers against financial jeopardy due to termination of reinsurance contracts. The rule was also amended to require excess and umbrella insurance carriers to provide statutory notice to insureds for mid-term cancellations of excess or umbrella liability policies. Effective 6 1 87.

Ins 7.01 Division of administrative services and policy analysis forms.

This section was repealed and recreated to list the forms which are used by the Division of Administrative Services and Policy Analysis of the Office of the Commissioner of Insurance. Effective 11 1 87.

Ins 7.02 Division of regulation and enforcement forms.

This rule was repealed and recreated to list the forms which are used by the Division of Regulation and Enforcement in the Office of the Commissioner of Insurance. Form 28-50, Product Liability Reporting Forms Packet, and form 28-51, Medical Malpractice Reporting Forms Packet, are listed to establish the reporting forms required by ss. 601.425 (6) and 601.427 (6), Stats. Effective 11 1 87.

~~*Ins 7.02 State Life Fund forms.*~~

This rule was repealed. Effective 11 1 87.

Ins 17.01 Payment of mediation fund fees.

Subsection (3) was amended to establish the fees against physicians and hospitals for funding the mediation system for resolving medical malpractice claims. The fee was eliminated effective July 1, 1987.

Subsection (2) was amended to clarify that fees for the mediation system may be refunded to correct administrative billing errors. Effective 7 1 87.

Ins 17.25 Wisconsin Health Care Liability Insurance Plan.

This rule was amended to permit the Wisconsin Health Care Liability Insurance Plan to write professional liability insurance coverage for registered nurse midwives, who are licensed under Chapter 448, Stats., up to the limits specified in s. 655.23 (4), Stats. Effective 2 1 87.

An emergency rule was promulgated effective 2 16 87 to make the following eligible for health care liability coverage under the Wisconsin Health Care Liability Insurance Plan (WHCLIP): cardiovascular perfusionists and entities operated in connection with one or more hospitals which assist the hospital or hospitals in providing diagnosis or treatment of or care for patients of the hospital, and are owned by or are affiliates of the hospital or hospitals. An affiliate of a hospital is a partnership, association, or body politic or corporate which controls, is controlled by or is under common control with the hospital.

The rule also permits general partnerships, as well as corporations, organized for the purpose of providing specific medical services, to participate in WHCLIP.

The rule also: 1) clarifies that ambulatory surgical centers are eligible to participate in WHCLIP; 2) amends several sections of the rule governing WHCLIP for consistency with the statutory changes enacted in 1985 Wisconsin Act 340; and (3) deletes certain superfluous language relating to prohibiting discrimination in rate-setting and classifications. The same changes which were adopted as an emergency rule and described immediately above were adopted as permanent rule changes effective 8 1 87.

An emergency rule was published effective 9 22 87 to make registered nurse practitioners eligible to obtain health care professional liability insurance through the Wisconsin Health Care Liability Insurance Plan. Insurance coverage will be available to nurse practitioners up to the limits expressed in s. 655.23 (4), Stats., at a rate determined by the Board of Governors of the Plan. These changes were later adopted as permanent rule amendments effective 3 1 88.

Ins 17.28 Health care provider fees.

The rule was amended to establish for fiscal year 1987-88 the fees imposed on health care providers covered by the Patients Compensation Fund. The rule was also amended to clarify that fees for the Patients Compensation Fund may be refunded to correct administrative billing errors and authorizes the refund of fee overpayments resulting from a change in class. However, in no case shall the Fund calculate refunds or credits on a previous fiscal year's assessment except to correct an administrative billing error. Effective 7 1 87.

Ins 17.30 Peer Review Council assessments.

This rule was created to establish fees to be assessed against Wisconsin Health Care Liability Insurance Plan, the Patients Compensation Fund, and private medical malpractice insurers for the purpose of funding the activities of the Peer Review Council of the Patients Compensation Fund. Assessments will be made equally against the Plan and the Fund, and a private insurer will be assessed for the actual cost incurred by the council if it provides the insurer with a recommendation about premium adjustments with respect to a claim. Effective 7 1 87.

Ins 18.07 Coverage - Health Insurance Risk-Sharing Plan.

Subsection (5) (b) 1. was repealed and recreated to reduce the rates for the major medical plan approximately 10%. The rates for the Medicare plan were not changed. Effective 1 1 87.

Ins 21.01 Termination of worker's compensation insurance policies.

This rule was created to exempt worker's compensation insurance from the requirements of section 631.36, Stats., relating to termination of insurance contracts by insurers, and to establish specific requirements concerning terminations of worker's compensation insurance policies. Worker's compensation insurers cannot meet the requirements of section 631.36, Stats., because of requirements these insurers must meet under other statutes. Worker's compensation insurers should, however, be subject to certain requirements for mid-term cancellations and nonrenewals of a worker's compensation insurance contract as well as notification to policyholders. These requirements are included in subsection (4). Paragraph (a) provides that no worker's compensation insurance policy may be cancelled by the insurer except for failure to pay a premium due or on grounds stated in the policy which must be comprehended within one of the following classes: (1) material misrepresentation, (2) substantial change in the risk assumed, or (3) substantial breach of contractual duties, conditions or warranties. Provisions for disclosure and for adjustment of these requirements are also included in the rule. Effective 2 1 87.

ADVISORY BOARDS AND COUNCILS

Wisconsin law, s. 15.04, Stats., provides that heads of independent agencies may create and appoint such councils and committees as the operation of the agency requires. The insurance law, s. 601.20, Stats., authorizes the commissioner of insurance to create advisory councils and committees to assist in dealing with regulatory problems. The commissioner is to provide by rule for the creation, governance, duties and termination of any council or committee which is established. The expert advice provided the commissioner through these councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.

The commissioner and staff members also serve on various councils and boards and thus aid Wisconsin residents by providing advice and suggestions on matters related to insurance regulation.

A description of the various councils and boards with which the office of the commissioner of insurance is involved follows:

Insurance Security Fund Board

This board administers the insurance security fund established by Chapter 646, Stats., to provide a mechanism for protecting insureds in the event of liquidation of insurers and to assess the cost of such protection among insurers. The commissioner of insurance, along with the attorney general and the state treasurer, are members of this board and serve with eight representatives of insurers subject to Chapter 646, Stats., appointed by the commissioner upon consideration of the recommendation of insurance organizations.

Wisconsin Retirement Board

The Wisconsin retirement board is created in the department of employe trust funds by s. 15.165 (3) (b), Stats. It is a nine-member board. Seven members represent employers or employees who participate in the Wisconsin retirement system; one is a public member and one is the commissioner of insurance or an experienced actuary in the office of the commissioner of insurance. During 1987 M. E. Van Cleave, Assistant Deputy Commissioner, was designated to serve on this board. The board studies and recommends alternative administrative policies, authorizes and terminates disability annuity payments and approves or rejects administrative rules that relate to participants in the retirement system other than teachers.

Group Insurance Board

Section 15.165 (2), Stats., created a group insurance board in the department of employe trust funds. The commissioner of insurance or designee is a member of the board. The group insurance board is authorized to enter into contracts with insurers to provide the group insurance plans provided for by this chapter or to provide the benefits on a self-insured basis. It also provides general administrative policy for the group insurance programs for health care, income disability benefits, life insurance and deferred compensation plans authorized for state and other public employees under Chapter 40. The specific powers of the board are enumerated under s. 40.03 (6), Stats. During 1987 Robert Elconin, Deputy Commissioner, or Hilde Neujahr, Administrator, Division of Administrative Ser-

vices and Policy Analysis, were designated by Commissioner Haase to serve as a member of the group insurance board whenever the commissioner was not able to serve.

Council on Fire Service Training Programs

This body, authorized by s. 15.947, Stats., functions under the state board of vocational, technical and adult education, and furnishes advice and guidance to the board in the establishment and maintenance of training programs in fire prevention and protection. The council comprises representatives from the division of emergency government (bureau of civil defense and disaster control), the department of industry, labor and human relations and the office of the commissioner of insurance, together with six members of fire departments appointed by the governor for staggered six-year terms.

During 1987 the commissioner of insurance was represented on this council by Norman J. Wirtz, Insurance Analyst.

Joint Survey Committee on Retirement Systems

This committee performs duties mandated under s. 13.50, Stats. The committee is comprised of two majority party senators, one minority party senator, two majority party representatives to the assembly, one minority party representative to the assembly, an assistant attorney general, a member of the public selected by the governor, the commissioner of insurance or a designated experienced actuary in the office and the secretary of the department of employe trust funds.

This committee evaluates all legislative proposals which would create or modify any system of retirement for public officers or employees. No such bill may be acted upon by the legislature until it has been referred to this committee for preparation of a written report. The report must indicate the probable cost involved; the effect of the proposal upon the actuarial soundness of existing retirement systems; and the desirability of the proposal as a matter of public policy.

During 1987 the commissioner's office was represented on this committee by M. E. Van Cleave, Assistant Deputy Commissioner.

Retirement Research Committee

This committee performs duties mandated under s. 13.51, Stats. Its membership represents employee and employer groups having vested interests in various state retirement programs. The committee has investigatory powers over all state retirement systems for public employees. In addition, it may require any public pension or retirement system to furnish it with periodic financial reports and records. The committee conducts a continuous review of retirement benefits afforded to public employees under the existing state system. It maintains a current reference library of all public employee pension and retirement plans throughout the United States and makes its findings and recommendations available to the governor and the legislature.

During 1987 M. E. Van Cleave, Assistant Deputy Commissioner, served on the committee.

Property and Casualty Advisory Council

This council, created by Wisconsin Administrative Code section Ins 6.79, advises the commissioner on regulatory matters in the areas of property and casualty insurance. The council has four insurance company members, two agent members and three public members. The members who served during 1987 are listed below:

J. Stanley Hoffert, Wausau Insurance Companies, Wausau
James Malinske and Robert L. Kennedy, Jr., American Family Mutual Insurance Company, Madison
John Dwyer, Northwestern National Insurance Company, Milwaukee
James P. Thomas, Heritage Mutual Insurance Company, Sheboygan - Chair
Karl Stieghorst, CPCU, Vice President, Robert R. Elsner Company, Milwaukee
Thomas Shea, Janesville
Roger Formisano, Professor, Graduate School of Business, Madison
Earl Winkelman, Risk and Insurance Management Society, Kenosha
John J. Kircher, Professor, Marquette Law School, Milwaukee
Maxine O'Brien, Maxam Association Management, Portage

Life and Disability Advisory Council

This council, created by Wisconsin Administrative Code section Ins 6.79, provides the commissioner with expertise on life and disability insurance. The council has four insurance company members, two agent members and three public members. The members during 1987 were:

Donna Lutzow, Employers Insurance of Wausau A Mutual Company, Wausau (Chair)
Robert Elconin, Blue Cross & Blue Shield United of Wisconsin, Milwaukee
Martin V. Timmins, Wisconsin Physicians Service Insurance Corporation, Madison
Edward L. Brenk, Milwaukee
Wayne C. Defferding and Tom Mack, Aid Association for Lutherans, Appleton
John A. Turcott, The Dean Health Plan, Inc., Madison
William J. Reis, CLU, The Reis Company, Milwaukee
Beverly Henderson, Professor, Family Living Program, UW-Extension, Madison
Ramon Wagner, Community Advocates, Milwaukee
Linda Reivitz, Madison
Robert Durkin, Madison

Financial Advisory Council

This council assists the commissioner in regulatory decisions in the financial area. The council consists of four insurance company members, two agent members and three public members. The members during 1987 were:

Donald R. Gunderson, Sentry Insurance Company, Stevens Point
S. C. DuRose, Cumis Insurance Society, Madison
George Hardy, Northwestern Mutual Life Insurance Company, Milwaukee
Gordon Bubolz, SECURA Insurance, Appleton (Chair)
Robert Clayton, Fitzgerald, Noyes, Clayton & Kasten Agency, Milwaukee
Michael M. Nicholson, Stan Mintz Associates, Inc., Madison

Edward L. Hahn, CPA, Hill Christianson & Co., Marshfield
Howard Carver, CPA, Ernst and Whinney, Milwaukee
Pamela J. Wegner, The Wegner Co., Inc., Madison

BULLETINS ISSUED TO INSURERS - 1987

January 16, 1987	Bulletin to all domestic insurers regarding 1987 examination assessments.
February 27, 1987	Bulletin to chief executive officers of all insurers licensed to do business in the State of Wisconsin regarding policy form filings draft of proposed transmittal form.
April 1, 1987	Bulletin to hospitals and counties insured by the Wisconsin Health Care Liability Insurance Plan regarding rates effective July 1, 1987.

COMPANIES IN LIQUIDATION

ALL-STAR INSURANCE CORPORATION, IN LIQUIDATION

As of September 30, 1987, the net liquidated assets of the estate were $7,608,433.

As of September 30, 1987, the cumulative pro rata share of the Class 3 approved claims which have been paid amount to $12,713,542 (a 60% distribution of approved claims).

A total of 3,666 Class 3 claims were approved against the estate. Only one remains to be finally adjudicated.

Because of the one remaining loss claim outstanding the final net deficit cannot be precisely determined. However, the liquidator will recommend setting up a reserve for this claim and final administrative costs; court approval to distribute the remaining assets to claimants will be sought before June 1988.

The liquidator is expecting the final affairs of the estate to be closed by late 1988.

FRANKLIN MUTUAL INSURANCE COMPANY, IN LIQUIDATION

Franklin Mutual Insurance Company was placed in liquidation on January 16, 1986, by the Circuit Court for Dane County, Wisconsin.

By agreement with the Office of the Commissioner of Insurance, Heritage Mutual Insurance Company is performing the administrative functions for the liquidation.

Administrative expenses of $117,978.92 for 1986 and 1987 have been paid and approved by the court. Class 3 loss claims of $574,790.04 for 1987 were paid and approved by the court.

As of December 31, 1987, there are approximately 44 loss claims and 17 subrogation claims remaining to be settled. All Class 4 (unearned premium) and Class 5 (general creditor) claims have been paid.

While the ultimate assets available for distribution to the various classes of claimants under s. 645.68, Stats., is dependent on the extent of loss claims under Class 3 and the reinsurance recoverable thereon, filed financial data shows there will be sufficient assets to pay claims in Classes 1, 2, 3, 4, and 5 in full.

MARTELL MUTUAL TOWN INSURANCE COMPANY, IN LIQUIDATION

Martell Mutual was placed in liquidation on August 21, 1980, in the Circuit Court for St. Croix County, Wisconsin. Gary L. Bakke was appointed Special Deputy Commissioner to liquidate the company.

Martell Mutual policyholders suffered windstorm losses of approximately $5,100,000 on July 15, 1980. Inadequate reinsurance and a pre-existing weak financial position resulted in an inability to pay the claims. Martell Mutual policies were assessable. Two assessments were levied totaling $2,925,973. Collections now exceed 95%.

Assets were collected and a major lawsuit settled which permitted a refund to policyholders of all unearned premiums and 81% of the second assessment on June 30, 1983.

All claims and expenses of the administration incurred to date have been paid in full.

During 1987 a total of $7,510 has been collected on delinquent policyholder assessments. Some receivables have been charged off because of individual bankruptcies of Martell policyholders. On December 31, 1987, there was $136,868 owing to the liquidator for unpaid assessments, penalties, and interest.

On September 17, 1987, the final legal issue was determined when the liquidator obtained judgment in the St. Croix County Circuit Court against seven former agents of Martell for a return of unearned commissions in the amount of $23,752.

If the liquidator is able to sell the accounts receivable, the remaining funds could be distributed as a partial refund of assessments and the liquidation closed. In the absence of a quick sale, the liquidation will have to remain open for some time to pursue final collection.

MILWAUKEE COMMUNITY HEALTH PLAN, INC. d/b/a HEALTHREACH, IN LIQUIDATION

Milwaukee Community Health Plan, Inc. d b a HealthReach, a Wisconsin Chapter 613 service insurance corporation, was placed into liquidation on September 30, 1987, by the Dane County Circuit Court.

Prior to the company's liquidation, the Office of the Commissioner of Insurance explored various solutions to restore the solvency of HealthReach. Discussions with various health insurers and the corporation Board of Directors were unsuccessful.

Gregory Krohm, Administrator of the Division of Regulation and Enforcement, Office of the Commissioner of Insurance, was appointed Special Deputy Liquidator. Legal advice and assistance have been provided by the Office of the Commissioner of Insurance Legal Unit.

At the date of liquidation, the company's enrollment consisted of 132 commercial subscribers and 10,832 Medicaid enrollees for a total enrollment of 10,967. All of the enrollees of the plan were placed with other health care insurance on October 1, 1987.

STATUS OF NET LIQUIDATED ASSETS
AS OF MARCH 31, 1988

Cash in Bank	$ 514,581.93
Misc. Receipts	63,631.38
Net Liquidated Assets	$ 578,213.31

STATUS OF CLAIMS AGAINST THE LIQUIDATION
AS OF MARCH 31, 1988

Class 1 (Administrative Expense) Paid	$ 38,514.38
Class 2 (Wages of Former Employe's)	$ -0-
Class 3 (Specific Loss Claims)	$ -0-
Class 4 (Unearned Premiums)	$ -0-
Class 5 General Creditor Claims*	$1,768,468
Class 6 (Judgments)	$ -0-
Class 7 Interest on Claims Paid	None
Class 8 Misc. Subordinated Claims	$ 12,364
No other Classifications are Used	

*The bulk of claims against the HealthReach liquidation are in this classification. This amount may be reduced as a liquidation liability once settlement is reached over the reinsurance contract.

Administrative and claims processing operations of the Liquidator, at the Milwaukee office, were concluded April 22, 1988. Remaining administration will be conducted in Madison, Wisconsin, at the Office of the Commissioner of Insurance.

Negotiations between the Liquidator and reinsurer are currently underway. Under discussion is the interpretation of contractual provisions in the reinsurance agreement relating to the reinsurer's obligation in the case of insolvency.

RELIABLE LIFE AND CASUALTY COMPANY, IN LIQUIDATION

The Reliable Liquidation Account, which contains substantially all of the assets and liabilities of Reliable Life and Casualty Company ("Reliable"), was created and ordered into liquidation by the Dane County Circuit Court (the "Liquidation Court"), effective October 7, 1981. The Wisconsin Insurance Security Fund (the "Fund") had been administering about 14,811 guaranteed renewable health and disability policies pursuant to the "continuation of coverage" provisions of Ch. 646, Stats. Mutual of Omaha administered the continued business for the Fund.

In August of 1987, Reliable Life and Casualty Company was released from rehabilitation proceedings by the Liquidation Court. The company changed its name to North American Insurance Company ("North American"). The company was recapitalized by North American Group Limited, at approximately $4,000,000.00.

On August 14, 1987, the Fund and Liquidator entered into a contract with North American to assume the remaining business which consisted of approximately 10,000 policies after nonrenewals. Formal assumption certificates were mailed to all policyholders. On December 18, 1987, North American assumed all of the administrative functions on this business formerly being performed by Mutual of Omaha.

Discovery proceedings in the Special Deputy Liquidator's lawsuit against Reliable's certified public accountants and actuaries continued in 1987. The trial was expected to commence in November of 1987. The trial was postponed to early 1989 due to a change of counsel for the Liquidator.

The Liquidator is continuing to adjudicate the few remaining agent claims and other general creditor claims, including tax obligations, and expects to have a final determination on these matters before the commencement of the trial.

The Liquidation Account had an asset balance of $4,054,358.52 on November 5, 1987. Virtually all of the remaining assets have been converted to cash or its equivalent. At present, liquid assets are insufficient to pay a dividend to any creditor lower than Class 3. Reports on the status of the liquidation are periodically filed with the Liquidation Court.

WISCONSIN MORTGAGE INSURANCE CORPORATION, IN LIQUIDATION
WMBIC INDEMNITY CORPORATION, IN LIQUIDATION
WMAC CREDIT INSURANCE CORPORATION, IN REHABILITATION

Baldwin-United Corporation purchased MGIC Investment Corporation ("Investment") in 1982 and began experiencing financial difficulties in early 1983. In May 1983, the Office of the Commissioner of Insurance issued supervisory orders to the six Wisconsin-domiciled insurance subsidiaries of Investment, including Mortgage Guaranty Insurance Corporation, now known as Wisconsin Mortgage Assurance Corporation ("WMAC"), the nation's largest private mortgage insurer; MGIC Indemnity Corporation, now known as WMBIC Indemnity Corporation ("WMBIC"), a general casualty company specializing in directors and officers ("D&O") liability insurance that was eventually merged with Investment's municipal bond insurance subsidiary, American Municipal Bond Assurance Corporation, to form AMBAC Indemnity Corporation; and MGIC Credit Insurance Corporation, now know as WMAC Credit Insurance Corporation ("Credit").

At the request of the companies, the Office of the Commissioner of Insurance petitioned the Dane County Circuit Court for orders placing WMAC in liquidation and Credit in rehabilitation. The orders were entered on February 28, 1985, and former Wisconsin Supreme Court Chief Justice Bruce F. Beilfuss was appointed Deputy Liquidator. WMAC's ongoing mortgage insurance business was transferred to a new company ("New MGIC") that was capitalized primarily by Northwestern Mutual Life Insurance Company of Milwaukee. WMAC's existing liabilities were assumed by a group of international reinsurers—which secured their obligations by trust funds— and New MGIC entered into an agremenet to manage those liabilities. The liabilities of Credit are also being managed by New MGIC in the rehabilitation proceeding.

WMBIC also requested that the Office of the Commissioner of Insurance petition the court for an order of liquidation, which was entered June 28, 1985. Justice Beilfuss was again appointed Deputy Liquidator and WMBIC's municipal bond insurance business was transferred to and reinsured with a new company that was capitalized by a group of investors led by Citicorp. Most of WMBIC's other liabilities were also reinsured, but New MGIC entered into an agreement to manage those that remained. In October 1985, Continental Casualty Company ("CNA") assumed management of WMBIC's D&O claims.

Matthew C. Mandt was appointed Special Deputy to the Liquidator of WMAC and WMBIC, and Special Deputy to the Rehabilitator of Credit, in August 1986 to succeed the late Justice Beilfuss.

At year-end 1987, WMAC had $103,026,566 in assets and $6,141,896 in capital and surplus (not including intercompany accounts). The insurance in force that was assumed by the international reinsurers totalled approximately $43 billion at December 31, 1987. In 1987, WMAC collected $134,579,756 in renewal premiums and paid losses of $555,212,636 on the reinsured mortgage insurance business. The Liquidator anticipates that the reinsured business will be run-off in the liquidation for the foreseeable future. Although the international reinsurers have met their obligations on the WMAC business in force on the date of the liquidation, a group of pre-liquidation reinsurers has disclaimed liability for certain mortgage insurance assumed from WMAC in 1983 and 1984. If these reinsurers succeed in avoiding their obligations, and if WMAC cannot recover the funds elsewhere, the Liquidator estimates that the liquidation estate will incur approximately $3 million in additional losses. There are no significant claims against the liquidation estate that are unrelated to WMAC's mortgage insurance business.

At December 31, 1987, WMBIC had $74,163,649 in assets and $60,598,438 in capital and surplus. In 1987, WMBIC paid $26,635,235 in losses and recovered $22,164,535 in reinsurance, for net payments of $4,470,700.

The bulk of WMBIC's remaining insurance liabilities involve D&O claims. In 1987, the Liquidator resolved 48 D&O claims, leaving 285 such claims open in the liquidation at December 31, 1987. CNA is obligated to assume liability for those claims, at the Liquidator's request, in return for a payment in an amount to be agreed upon or submitted for arbitration. The Liquidator continues to explore alternatives for resolving the liability represented by these claims. The Liquidator estimates that recovery of approximately $6 million in D&O reinsurance receivables is in doubt due to disputes with the reinsurers with regard to interpretation of the reinsurance agreements (approximately two-thirds of the total) and due to insolvencies of reinsurers.

A small number of insurance claims in lines other than D&O were open in the liquidation at year-end 1987, but were not expected to have a significant effect on the liquidation. There were nine noninsurance claims open in the WMBIC liquidation on December 31, 1987. Most significant was a contingent claim filed by CNA with respect to a D&O policy issued to Community Savings & Loan Association of Maryland. Counsel for the Liquidator is monitoring the underlying litigation and evaluating this and other claims. Recommendations on claims are made as appropriate.

No guaranty fund has paid any losses on behalf of WMAC or WMBIC, and the Liquidator anticipates that no such payments will be necessary. Reports are filed monthly with the liquidation court.

WISCONSIN SURETY CORPORATION, IN LIQUIDATION

On February 18, 1987, the Circuit Court of Dane County issued an order reopening the Wisconsin Surety Corporation liquidation and appointed Insurance Commissioner Robert D. Haase as Liquidator.

A final accounting statement in the reopened liquidation estate covering the period February 18, 1987, through March 2, 1988, showed a claim payment to the Internal Revenue Service and amounts due for administrative expenses. Assets on hand consisted of a payment received from the remaining balance of the State of Texas ancillary liquidation and the interest earned on that amount.

On April 5, 1988, the Liquidator applied to the Circuit Court for an order as follows: approving the final statement of account and payment of the administrative expenses; making provision for the remaining funds that are unecomonic to distribute; terminating the liquidation proceedings; discharging the Liquidator and Commissioner; and making provisions, if warranted, for reopening the liquidation.

III - DIVISION OF REGULATION AND ENFORCEMENT

DIVISION OF REGULATION AND ENFORCEMENT

The Administrator of the Division on Regulation and Enforcement, along with the Consumer Attorney, is responsible for directing most enforcement actions against agents and companies, and for pursuing these cases through the appeals and settlement process. The Administrator is also responsible for general program and policy development in the Division.

Bureau of Market Regulation. This bureau is responsible for reviewing the rates, forms and contracts filed with the agency by insurers; examining insurer rating procedures, advertising files and policyholder reserves; staffing several risk sharing plans; providing assistance to consumers in resolving problems with insurers and agents; conducting field reviews of insurer marketing practices; investigating agent and insurer activities; preparing enforcement proceedings; and recommending administrative actions to correct violations discovered.

Bureau of Financial Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts field audits of domestic insurer operations; administers insurer rehabilitations and liquidations; reviews insurer applications for admission to Wisconsin, merger and acquisition plans, and holding company transactions; audits and collects insurer taxes and fees; and collects fees for the fire department dues program.

BUREAU OF FINANCIAL EXAMINATIONS

The Bureau of Financial Examinations' principal function is to monitor the financial condition of all insurers licensed to market insurance in Wisconsin and determine whether an insurer's financial solidity is acceptable for continued operation in Wisconsin. Monitoring includes the examination of companies and the analysis of statements submitted to the department. Monitoring activities also include the review of CPA audit reports and updates to the company profile data base.

The bureau also maintains and reviews holding company filings required by s. Ins 12.01, Wis. Adm. Code; reviews financial reports for surplus lines insurers; collects quarterly and year-end premium taxes; and collects fire department dues as required by s. 601.93, Stats. In addition, the bureau handles applications for Certificates of Authority, amendments to Certificates of Authority, and also approves mergers of insurance companies (see changes in Corporate Licenses).

Among the major accomplishments in 1987 were:

- Establishing and overseeing work of Special HMO Financial Standards Task Force to make recommendations for appropriate financial standards for health maintenance organizations.
- Monitoring and providing technical assistance to health maintenance organizations regarding financial requirements of Ins 3.50, Wis. Adm. Code, which became effective January 1, 1988.
- Establishing audit procedures and conducting examinations of major surplus lines agents for compliance with market conduct and premium tax regulations.

- Implementing registration and annual statement filing requirements for Employee Welfare Funds of school districts, public employers, and other entities not exempted from regulation by ERISA.
- Increasing staff for the financial examination of insurers to provide for a more timely cycle between routine examinations, and, therefore, closer monitoring of the financial condition of insurers.
- Revising the town mutual annual statement blank in cooperation with the Association of Town Mutual Insurers to provide more useful reporting.
- Established and utilized procedures for the review of insurers entering the Wisconsin market under the Liability Risk Retention Act of 1986.
- Expanded review of insurer data processing systems and controls.
- Initiated study of proper financial reporting for continuing care retirement communities.
- Participated in the incorporation and licensing of three municipal mutuals that will provide liability coverage to its members (policyholders).
- Implemented the use of an audit software package in the examination process. This audit software and the automated audit procedures it provides, along with the use of other commercial software packages, serve to augment established manual audit procedures.
- Instituted the collection of annual statement information on computer diskette. Collection of data in this medium will serve to establish electronically retrievable records of annual statement data, for financial analysis.

BUREAU OF MARKET REGULATION

The Bureau of Market Regulation is responsible for the administration and enforcement of the Wisconsin Statutes relating to insurance policy forms, marketing and advertising practices, underwriting rules, and claims practices. Responsibilities also include reviewing complaints, investigating violations of the Wisconsin insurance statutes, and conducting market conduct examinations of insurance companies and agents. Market conduct examinations focus on the business practices of the examinees and are designed to detect problems in marketing and advertising, underwriting, and claims handling. The bureau is also involved in the development of administrative rules and statutory language.

Among the major accomplishments in 1987 were:

- improved policy form review procedures by developing and implementing standardized policy form review checklists resulting in the consistent review of policy forms
- participated in the development of a policy form review and tracking system which was implemented early in 1988
- developed and implemented a policy form microfilming system
- participated in the development of a property and casualty rate information rule which was promulgated early in 1988
- participated in the development of a property and casualty rate data base to be implemented in 1988
- developed policy form filing and review procedures in response to the chiropractic mandate
- participated in the depopulation of the Wisconsin Insurance Plan
- suggested to the Wisconsin Worker's Compensation Rating Bureau to reinstate the minimum-minimum premium rule for independent contractors
- participated in the monitoring of residual market mechanisms including the Wisconsin Worker's Compensation Insurance Pool, the Wisconsin Automobile Insurance Plan, and the Wisconsin Insurance Plan; the staff also participated on the Wisconsin Arson Insurance Council, the Commissioner's advisory councils, and the Health Insurance Risk-Sharing Plan
- developed and implemented a quarterly newsletter on property and casualty rate and policy form matters

Policy Form Filings* Received Approved in 1987:

	Received	Approved
Property and Casualty	4,542	2,821
Accident and Health	1,660	1,396
Life	3,435	2,982
Total	9,637	7,199

*A filing may contain more than one form.

Complaints

The tables below summarize complaint data for 1987. Table I also shows a comparison of complaint activity over the last five years. A complaint is defined as an expressed dissatisfaction with an insurance company or agent. Complaints may initially be received either in person, by telephone, or in writing. To be considered a formal complaint which initiates an inquiry or investigation, a complaint should be in writing. The data which follow is based upon formal complaints.

In addition to the 7,567 formal complaints, the bureau also handled in excess of 40,000 general inquiries or requests for information in 1987. Most such inquiries were by telephone, with the remainder being written communications and "walk-ins."

Table II shows 1987 complaints by type of insurance. When reviewing this information, it is important to note that a complaint may involve more than one type of insurance. Table III shows the area of insurance operations which generated the complaint. As with Table II, a complaint may involve more than one area of insurance operations.

MEDICAL MALPRACTICE INSURANCE REPORTS

Section 601.427, Wisconsin Statutes

The first reports on Medical Malpractice Insurance required by s. 601.427, Stats., were received in 1987 and are summarized in the table below. All of the information is for medical malpractice insurance in Wisconsin. Insurers which wrote less than $300,000 annually in medical malpractice insurance premiums in Wisconsin were not required to report.

The first five lines are for the calendar years indicated by the column headings. The *Average Written Premium Per Policy* is calculated from the entries in the previous two lines. The next eight lines are for the policy years shown by the column headings reported for calendar year 1986.

The information about legal actions, verdicts or judgments required by s. 601.427 (2) (j) through (m), Stats., has not been a part of the financial or statistical reporting requirements for insurers so that the Commissioner used the authority provided in s. 601.427 (6), Stats., to eliminate those reporting requirements as being unreasonably burdensome. That information will be required in future reports beginning with data for policy year 1986.

It should be noted that the data below are from individual insurer reports and has been accepted by this Office without audit. This report combines the experience for all physician and surgeon classifications, other health care professionals, hospital, and other health care facilities and includes the experience of the Wisconsin Health Care Liability Insurance Plan. In addition, the data does not separate occurrence policy experience from claims-made policy experience which have different claims payment experience patterns.

Due to the fact that some data are on a calendar year basis and some are on a policy year basis, no conclusions should be drawn as to the excessiveness or inadequacy of the cost of providing medical malpractice insurance or as to its profitability to the insurers writing this line of business over the past years. It is possible to conclude from these data that the average premium written per policy generally showed modest declines for policy years 1979 to 1984. This indicates a relatively stable cost of medical malpractice insurance over that period. Although the premium remained relatively stable over this period the pure loss ratio, which consists of the sum of claims paid, reserves for open claims and reserves for claims incurred but not reported divided by written premiums, varied widely from year to year.

The individual classification reports by company from which the summary table was derived have been maintained in this Office.

PRODUCT LIABILITY INSURANCE REPORTS

Section 601.425, Wisconsin Statutes

The first reports on Product Liability Insurance required by s. 601.425, Stats., were received in 1987 and are summarized in the table below. All of the information is for product liability insurance in Wisconsin. Insurers which wrote less than $50,000 annually in product liability insurance premiums in Wisconsin were not required to report.

The first five lines are for the calendar years indicated by the column headings. The *Average Written Premium Per Policy* is calculated from the entries in the previous two lines. The next eight lines are for the policy years shown by the column headings reported for calendar year 1986.

The information about legal actions, verdicts or judgments required by s. 601.425 (2) (j) through (m), Stats., has not been a part of the financial or statistical reporting requirements for insurers so that the Commissioner used the authority provided in s. 601.425 (6), Stats., to eliminate those reporting requirements as being burdensome. That information will be required in future reports beginning with data for policy year 1986.

It should be noted that the data below are from individual insurer reports and has been accepted by this Office without audit. In addition, the data does not separate occurrence policy experience from claims-made policy experience which have different claims payment experience patterns.

Due to the fact that some data are on a calendar year basis and some are on a policy year basis, no conclusions should be drawn as to the excessiveness or inadequacy of the cost of providing product liability insurance or as to its profitability to the insurers writing this line of business over the past years. It is only possible to conclude from these data that the average premium written per policy declined in all but one of the policy years between 1979 to 1984. This indicates either a decreasing cost of product liability insurance over that period and or possible cash flow underwriting by the insurers writing this line of insurance. Although the premium declined over this period, the pure loss ratio, which consists of the sum of claims paid, reserves for open claims and reserves for claims incurred but not reported divided by written premiums, nearly doubled for policy years 1982-1984 compared with the previous three years. The apparent increase in premium written in 1985 seems to have brought the pure loss ratio in line with the 1979 to 1981 experience.

IV - DIVISION OF ADMINISTRATIVE SERVICES AND POLICY ANALYSIS

BUREAU OF STAFF SERVICES

The Bureau of Staff Services is responsible for general administrative functions of the agency, including budget and finance, word processing, data processing, the licensing of insurance agents, personnel, payroll, and internal record keeping and mail service.

Agent Licensing Section

During 1987, 13,073 candidates registered for the major examinations: life, accident and health, property and casualty. Of that number, 11,361 tested—7,348 candidates passed. For the limited lines examinations of auto, title, credit life sickness, and town mutual noncasualty, 616 candidates registered, 555 tested; and 288 candidates passed.

As of December 31, 1987, there were 55,230 agents and 303,038 active agent listings.

Data Processing Section

In the past year, the data processing staff completed programming the data entry portion of the Policy Approval Tracking system. Management reports were also programmed to show type of policies received, date received, deemer date, analyst assigned, and what policies were approved or disapproved.

Enhancements were made to the integrated company data base. These included:

1. Changes to the Premium Tax and Fee Collection system. More information was added to the PC Tax Allocation system. Tax vouchers are now produced annually and on request.
2. Changes to the Quarterly Financial Statement Analysis system. All statements are now computer-generated and year-end information is preprinted.
3. Rewrite of the Company Assessment system. All invoices and management reports are computer-generated.

The Commissioner's Annual Report system was rewritten to take advantage of the integrated company data base.

Staff also completed programming a noncompliance subsystem for the Patients Compensation Fund (PCF). This will assist in monitoring and tracking health care providers that have not paid their assessments.

The process of licensing qualified agents was automated. The Educational Testing Service (ETS) conducts our agent tests and now sends the results via electronic transfer. Duplicates are checked and automatically corrected.

The zip code system was rewritten to show more specific indicators of possible redlining.

Data processing staff also assisted with the installation of additional personal computers.

BUREAU OF FUNDS

LOCAL GOVERNMENT PROPERTY INSURANCE FUND

The purpose of the Fund is to make reasonably priced property insurance available to tax-supported local government property such as government buildings, schools, libraries, and motor vehicles. Coverage is available on an optional basis. As of July 1, 1987, the Fund insured 52 counties, 249 schools, 111 cities, 50 towns, 101 villages, and 37 miscellaneous entities (libraries, etc.). The total amount of insurance in force as of July 1, 1987, was $12,000,000,000.

To promote equity of premiums among the Fund's insureds and prompt the proper reporting of values, the Fund has contracted the services of American Appraisal Associates (AAA). Beginning in 1988, AAA and the Fund will provide a unique method of valuing buildings, contents, property in the open, and contractor's equipment. Insureds who choose to participate in the Valuation Project Service will complete specifically designed forms from which values will be generated. Through participation in the Valuation Project, participants will enjoy broader coverages.

STATE LIFE INSURANCE FUND

The State Life Insurance Fund is a segregated fund located within the Office of the Commissioner of Insurance. The Fund offers a maximum of $10,000 of life insurance to state residents.

Operating as a mutual insurance company, the Fund is supervised by the commissioner. All policies issued are participating. During the 1987 dividend year, which commenced April 1, $1.2 million in extra dividends was distributed to policyholders. By statute, the Fund's ratio of surplus to assets must be kept between 7% and 10%. The extra dividend amounted to over 3% of the Fund's $36 million in reserves.

Wisconsin is the only state in the country that offers a low-cost life insurance program to residents. Despite no advertising, the Life Fund has grown in the past 20 years more than it did between 1911 and 1965. There were 2,500 policyholders in 1959 and 6,001 in 1965. As of December 31, 1987, there were 28,977 policies in force.

PATIENTS COMPENSATION FUND

The Patients Compensation Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by an 18-person Board of Governors which consists of 5 insurance industry representatives, a person named by the Wisconsin Academy of Trial Lawyers, an attorney named by the State Bar Association, 2 persons named by the Wisconsin State Medical Society, a hospital representative named by the Wisconsin Hospital Association, the Commissioner of Insurance, and 4 public members appointed by the Governor. The Fund's administrative staff is provided by the Office of the Commissioner of Insurance.

The Fund operates on a fiscal year from July 1 through June 30. Administrative and operating costs as well as claims payments are funded through assessments paid by participating health care providers.

On June 30, 1987, there were 152 hospitals with 40 affiliated nursing homes, 6,698 physicians, and 335 nurse anesthetists participating in the Fund.

From July 1, 1975 through December 31, 1987, 1,854 claims had been filed in which the Fund was named. During the same period the Fund has paid 189 claims totaling $75,814,691. Another 944 claims have been closed with no payment. Of the remaining claims as of December 31, 1987, 81 cases were reserved at $35,425,820.

The Legislative Audit Bureau conducted an audit of the Patients Compensation Fund financial statements for the fiscal year ending June 30, 1987. The report evaluated the Office of the Commissioner of Insurance's progress in improving the Fund's financial operations and reviewed the status of the Fund deficit.

The report noted that the office was making good progress in correcting previously noted deficiencies in the Fund's financial reporting. The report also identified the Fund's increasing deficit as a continuing concern. The Fund's deficit represents a long-term shortage in the cash and investment balance that eventually will be needed to make the Fund's future payments.

The Fund deficit does not mean the Fund is unable to pay obligations currently due. There was a cash balance of $73,235,000 on June 30, 1987. The deficit is a projection of the unfunded outstanding liabilities if the Fund ceased to collect further assessments.

PATIENTS COMPENSATION FUND
BALANCE SHEET
June 30, 1987

ASSETS	
Cash	$ 2,018,979
Investment Fund	73,285,000

HEALTH INSURANCE RISK-SHARING PLAN

The Health Insurance Risk-Sharing Plan (HIRSP), Chapter 313, Laws of 1979, became effective on January 1, 1981. The plan provides major medical and Medicare supplement coverage for Wisconsin residents under age 65 who, for medical reasons, are unable to obtain health insurance coverage in the private market.

Rates for the plan are required by statute not to exceed 150% of the standard individual rate for substantially similar coverage in the private market. During 1986, the Board determined that rates were in excess of that amount and voted to decrease rates for the major medical plan by 10%. This rate decrease took effect January 1, 1987, and remained in effect throughout the year.

Expenses of the plan in excess of premiums are assessed against health insurers in proportion to the insurer's total premium or other charges on business written in this state on behalf of Wisconsin residents. In 1987, insurers were assessed $3,200,000.00.

The use of Department of Transportation drivers license renewal mailings to inform people of HIRSP was continued through 1987 because of the effectiveness in increasing plan population in 1986. The program was implemented to comply with section 619.15 (3) (d) which requires the board to "maintain public awareness of the plan." The dramatic increase in plan population observed in 1986 continued through 1987. On December 31, 1986, plan population was 2,075. On the same date in 1987 there were 2,476 plan participants.

During 1987, the legislature enacted several provisions intended to make HIRSP more responsive to policyholder's needs and concerns. These modifications to the plan were requested by the HIRSP board in response to a policyholder survey conducted in 1986. The legislative changes were as follows:

1) The number of rejections from an insurer required for eligibility was reduced from two to one

2) The maximum lifetime coverage to be afforded by the plan was raised from $250,000 to $500,000

3) The current premium subsidies for low-income persons in five income categories were increased

4) The deductible amount for an eligible person (other than a Medicare recipient) was reduced from $1,000 to an amount between $500 and $1,000, dependent upon the income of the eligible person

5) The Commissioner of Insurance was directed to establish cost containment provisions for the plan

6) The Office of the Commissioner of Insurance, the Board of Governors for HIRSP and the Departments of Health and Social Services and Industry, Labor and Human Relations were directed to study and make recommendations regarding health care policies for disabled persons

OFFICE OF POLICY ANALYSIS

The Office of Policy Analysis is responsible for overseeing the legislation proposed by the office, coordinating the development of administrative rules, staffing advisory councils and ad hoc working groups or task forces, providing technical assistance to HMOs, and directing the public information program of the commissioner's office.

Major activities for 1987 included:

- Staffing the Life and Disability, Financial, and Property and Casualty Advisory Councils
- Coordinating OCI legislative activity
- Carrying out a Robert Wood Johnson Foundation grant relating to the uninsured
- Overseeing the adoption of rules relating to credit life and accident insurance, rate and forms filings, and the Patients Compensation Fund
- Consulting with the Department of Health and Social Services in the development of the State Health Insurance Plan
- Providing technical assistance to employers, providers and consumers on health maintenance organizations and cost containment strategies
- Working with the National Association of Insurance Commissioners to develop model regulations relating to long-term care
- Speaking to various groups on insurance issues and preparing a brochure on long-term care insurance
- Updating materials on Medicare supplement policies, nursing home insurance, and HMOs.

VI - DIRECTORY OF LICENSED INSURERS

DIRECTORY OF LICENSED INSURERS

This directory includes all companies, fraternal benefit societies, associations, and town mutuals licensed or otherwise authorized to transact the business of insurance in this state as of December 31, 1987.

Codes used to designate the kind of company are as follows:

BP	—	Blue Plan
CC	—	Continuing Care Organization
DP	—	Dental Plan
FC	—	Fire and Casualty Company
FR	—	Fraternal Benefit Society
GA	—	Gift Annuity Corporation
HM	—	Health Maintenance Organization
LC	—	Life and A&H Company
LH	—	Limited Services Health Organization
MC	—	Motor Club Plan
MX	—	Miscellaneous Other Insurers
RE	—	Reciprocal Exchange
TC	—	Title Company
TM	—	Town Mutual of Wisconsin
VP	—	Vision Plan
WP	—	Warranty Plan

NOTE: Some NAIC Group and Company Numbers may differ from those on Tables F and G due to mergers or other corporate transactions. This directory is the more current of the two.
